Dear Lizzy Neopolitan  
• 6x6 paper pad (teal)  
Amy Tangerine stitching template  
Embroidery floss (pink)  
Stampin' Up cardstock (whisper white)  
PageMaps Exclusive Cutting Files

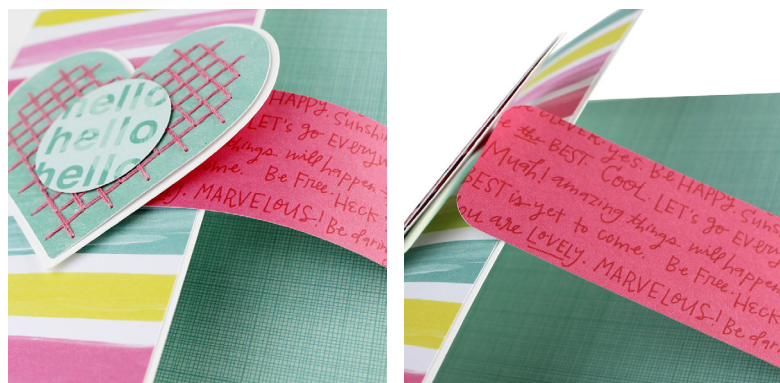

#### basic tools

Favorite adhesive  
Paper trimmer  
Wet adhesive  
Foam adhesive  
Fine-tipped scissors  
Paper piercer  
Electronic die cutter

#### card dimensions

4.25" wide x 5.5" tall  
opens on right

### Designer Notes:

- 1 Inking the edges of the component pieces is optional and should be done before assembling the card.

### Instructions:

- 1 Open the exclusive Week 4 electronic die cutting file. Die cut the following pieces:
  - Card base from white cardstock
  - Front flap panel from Happy Place multi stripes (stripes going horizontal)
  - Large heart from white cardstock
  - Small heart from Happy Place teal solid
  - Buckle strap from Happy Place graffiti words
- 2 With the vertical buckle hole on the left side, measure in 4.25" from the right and score the card base. Fold the left side to the right to form the front flap.
- 3 Adhere the striped flap piece to the center of the flap, aligning the holes. Open the flap.
- 4 From the right, straight edge of the buckle strap, measure in 1/2" and score. With the print side facing up, fold the 1/2" under.
- 5 Trim a 4.125"x5.375" piece of Neopolitan teal grid paper.
- 6 Glue the 1/2" folded portion of the buckle strap to the back, right edge of the grid piece. The remainder of the strap should fold from right to left with the word graffiti facing up.
- 7 Adhere the assembled grid paper piece to the inside center of the card. Slide the buckle strap into the notched hole on the card base flap to close the card.
- 8 Using the heart stitching template, cross-stitch a heart design onto the teal heart.
- 9 Adhere the stitched heart to the center of the white heart.
- 10 Apply adhesive only to the back, left side of the assembled heart. Adhere the heart to the front flap of the card over the notched hole.

## cutting files

NOTE: cutting files are provided in .silhouette, .svg, .png and .dxf formats and work with most leading electronic die cutters (Silhouette, Boss Kut, Cricuit Explorer, Pazzle, etc.) that can open and read these file formats. If you do not have an electronic die cutter, you can print this page and hand-cut the shapes with a craft knife or small scissors.
