Week 3 featured layout

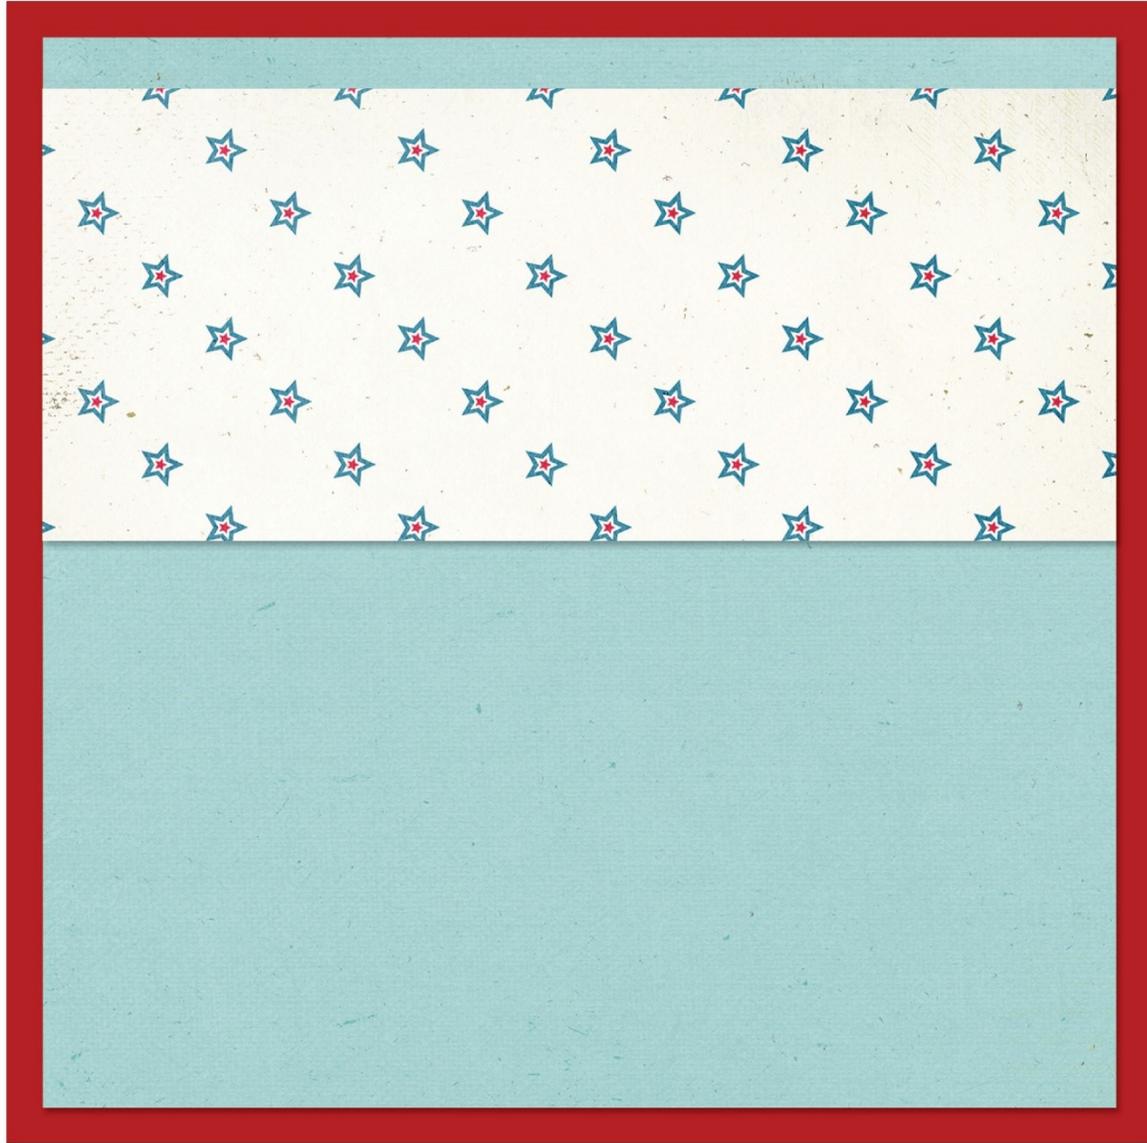

HAVING A BALL  
by Shellye McDaniel

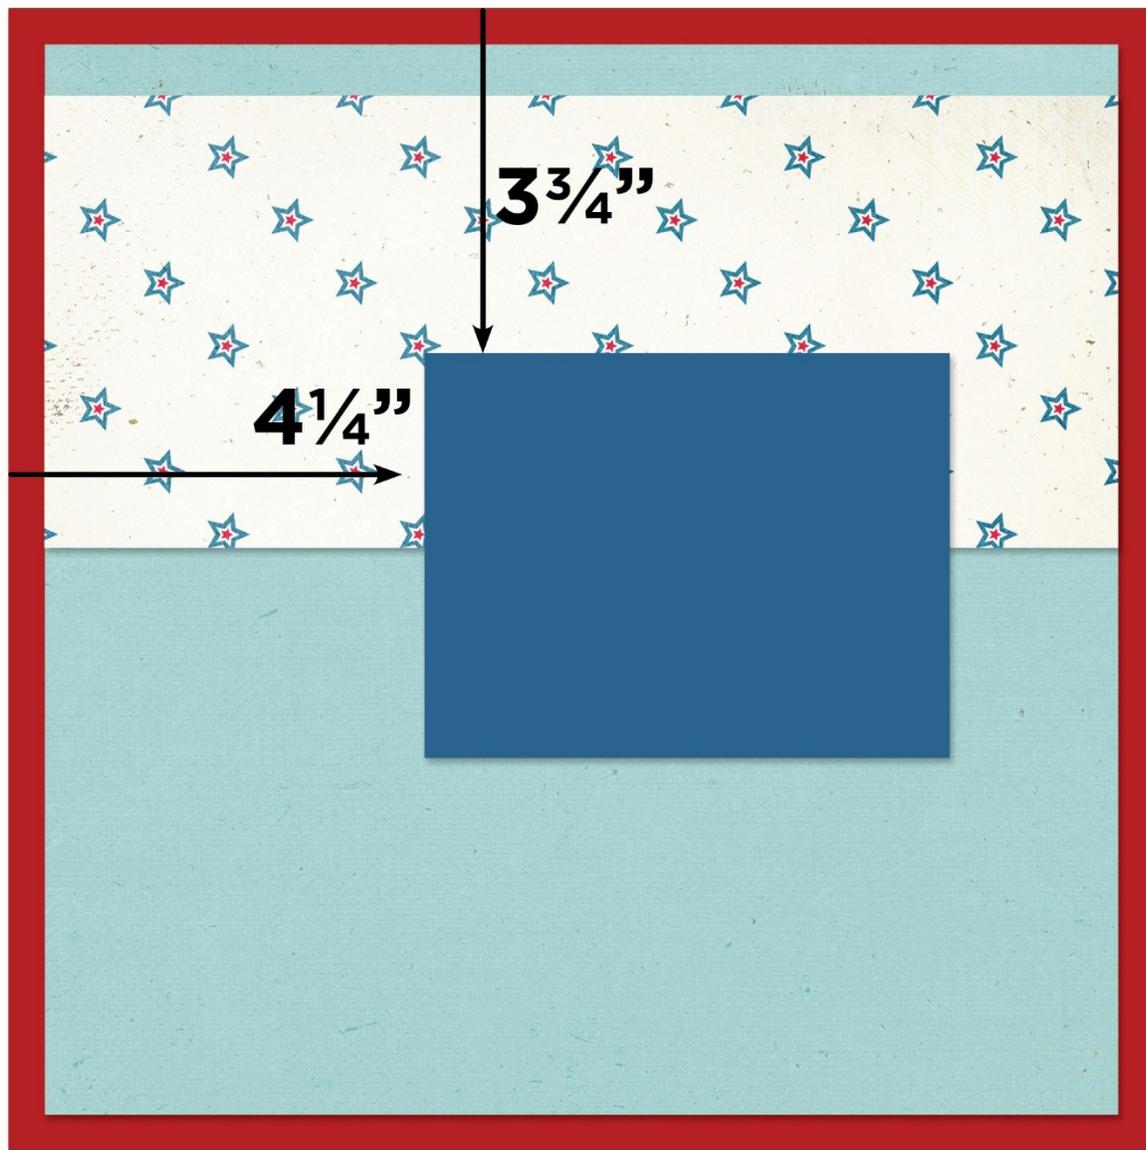

A 12x12 sheet of Bazzill Marachino will be the base of your layout.

Trim a 11.25"x11.25" piece of Ahoy (light blue side). Adhere it to the center of the cardstock base with the printed design running across the top (it will be upside down and covered later).

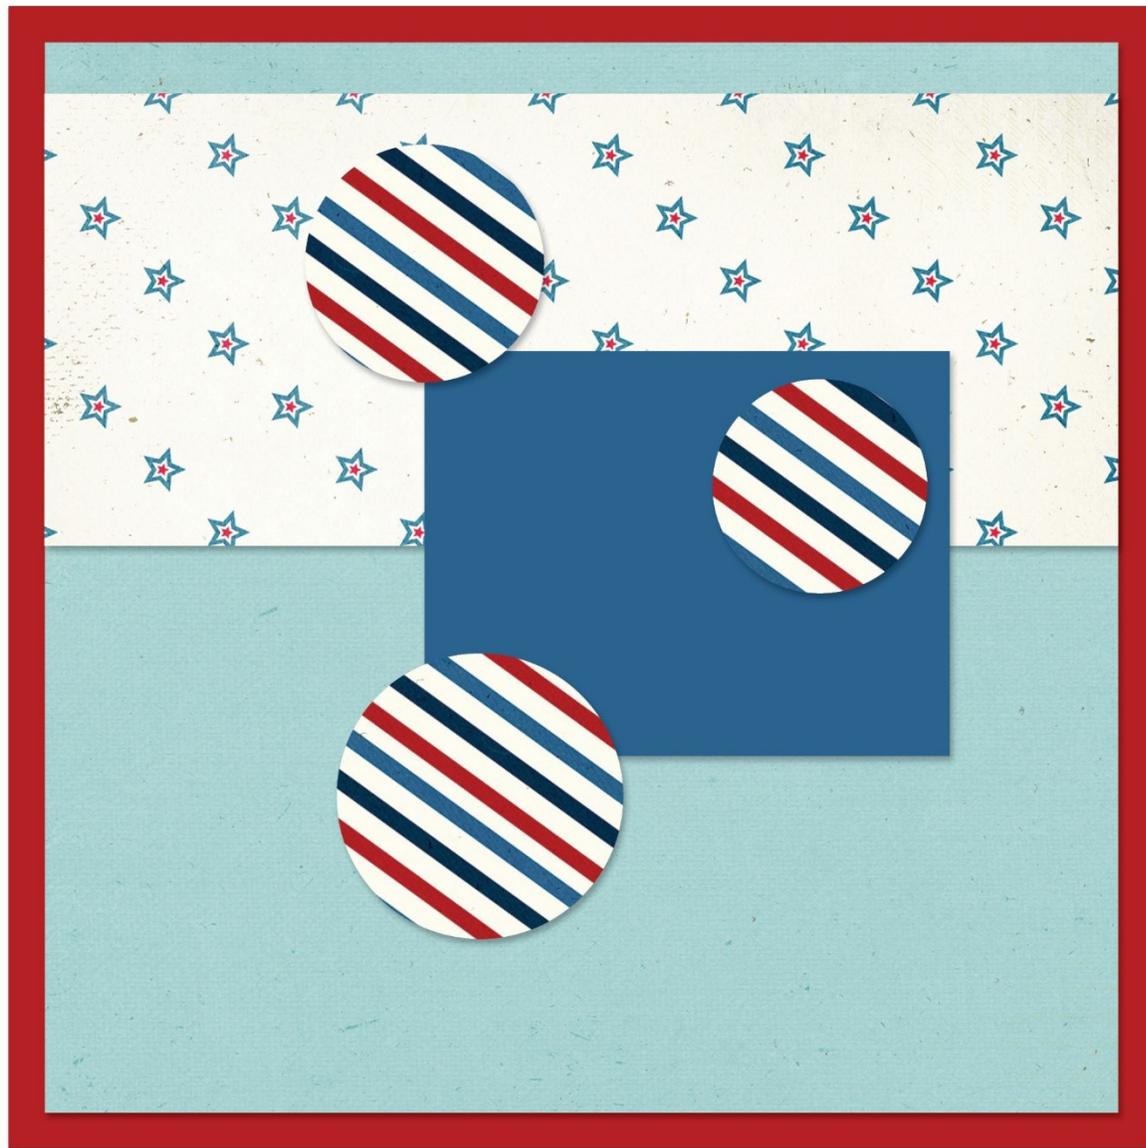

Trim an 11.25"x4.75" piece of Celebrate (star side). Adhere it to the top of the page,  $\frac{1}{2}$ " down from the top edge of the light blue paper.

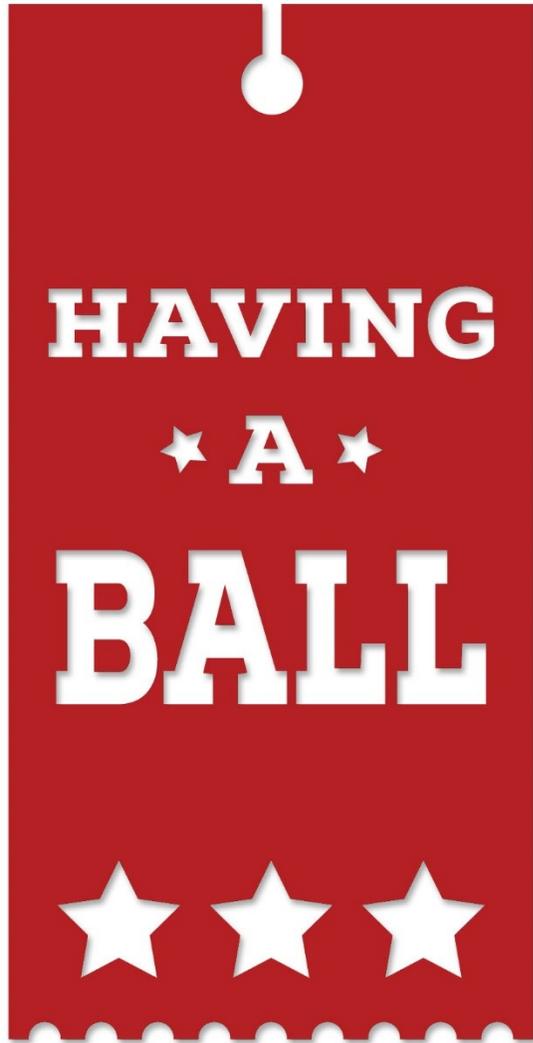

Trim a 5.5"x4.25" of denim cardstock. With a mini dot embossing folder, emboss the piece.

Adhere it to the center of the page, 4.25" in from the left edge and 3.75" from the top edge.

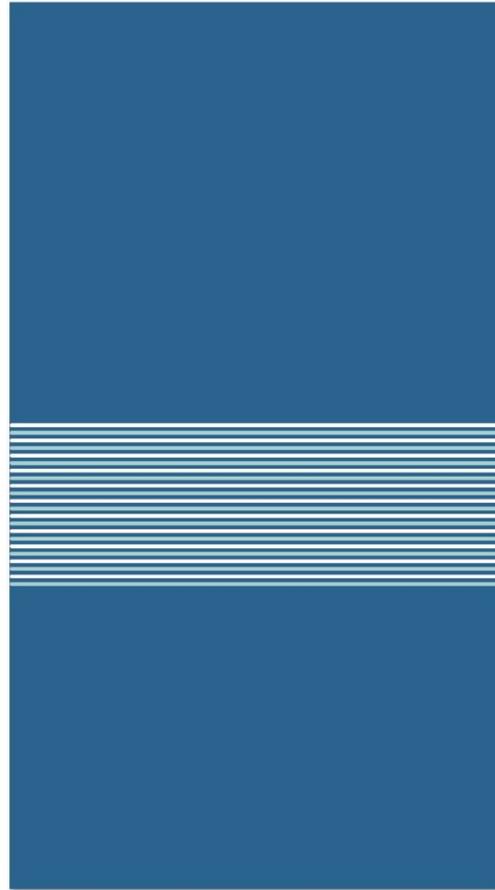

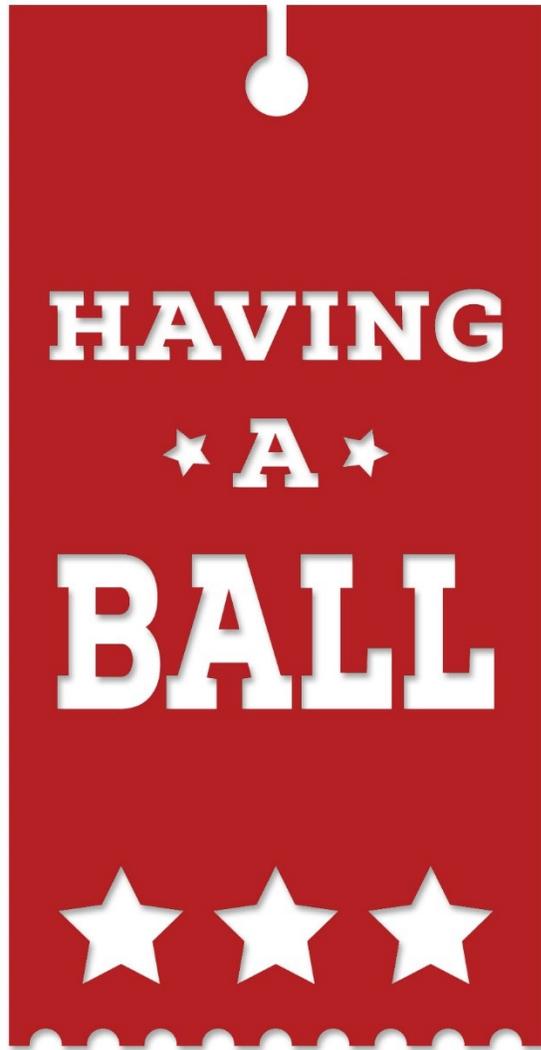

Die cut or punch out three circles from Sail Away paper (diagonal side) in sizes 2.25", 2.5" and 3".

With dimensional adhesive, adhere the three circles to the page as shown.

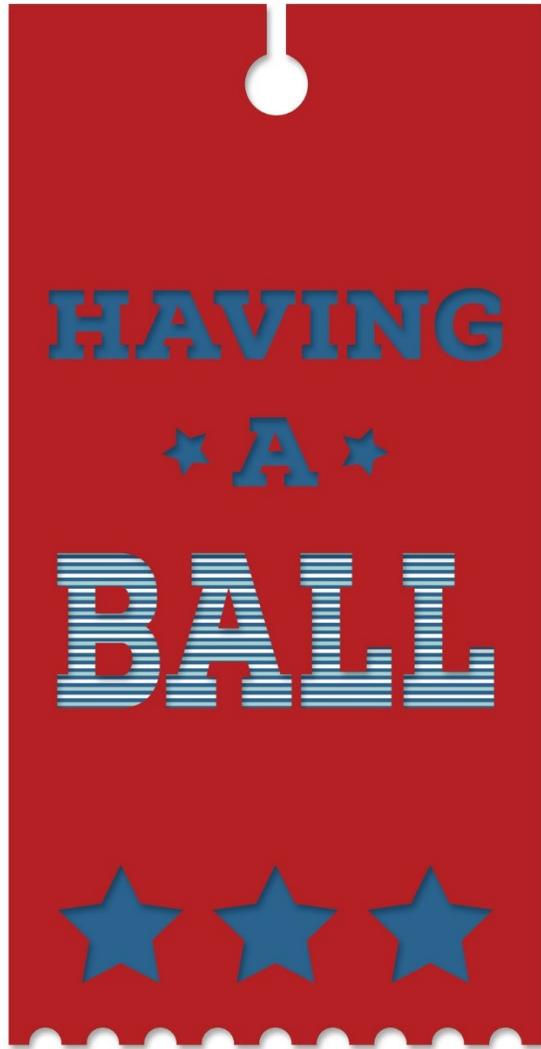

Using the PageMaps U electronic cutting file, cut out the "having a ball" design from Marachino (red) card-stock.

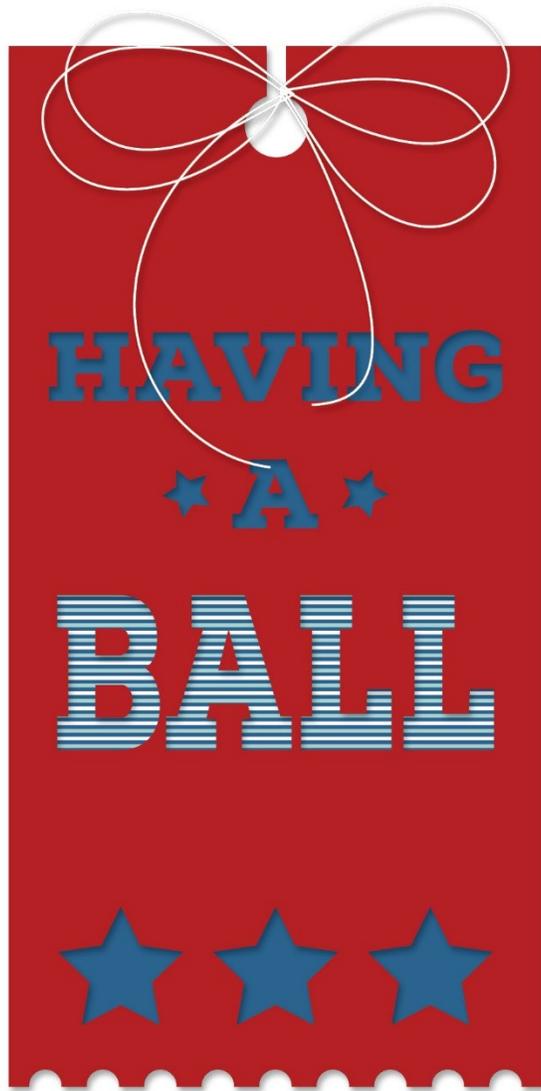

Trim a 2.7"x5" piece of denim cardstock. Place it behind the die cut words and trace the word "BALL."

Remove blue cardstock. Horizontally wrap the denim twine around the area that has been traced; start and end slightly beyond the tracing.

Place foam adhesive on the back of the die-cut tag, avoiding the opened areas. Center and attach to the blue cardstock wrapped in twine.

Tie two lengths of denim twine into a bow and attach to the top of the die-cut tag with wet glue.

Using foam adhesive, attach the die-cut tag to the left side of the denim embossed paper, approximate 2" down from the top edge of the stars paper.

From the Celebrate paper (stars side), punch out approximately nine 1/2" circles, capturing the star motif on each circle.

In a random pattern, adhere the circles over the stars of the layout star piece in a random pattern.

Adhere three 2.25" x 2.25" photos across the bottom edge of the denim paper as shown.

Hand-cut the 'original' title from the Elements #1 paper and adhere it to the bottom of the center photo with foam adhesive.

From the Blue Grid paper found on the Elements #1 Paper, die-cut or punch three 1.25" stars.

Using foam adhesive, adhere each star to the page in the locations shown.

To the center of each star, attach one of the small, light blue star stickers from the Fundamentals Cardstock Sticker sheet. Attach a red enamel star to the center of each sticker.

From the Elements 1 patterned paper, cut out the white grid journal tag and trim it to 3"x1.75". Add hand-written journaling, then adhere it directly above the "Having A Ball" tag with foam adhesive.

To the far right punched star, adhere the sentiment sticker "love this" (from the Expressions Cardstock Stickers) to its left side.

Tie small pieces of denim twine onto the three mini paper clips. Knot the center, fray the edges and trim off the excess.

Attach one to the top of the "love this" sentiment sticker and the two remaining pieces to the bottom right of the 3" circle.

Adhere an 11.25" x .25" piece of Sail Away (diagonal side) to the bottom of the layout as shown.

Pierce four holes on the left and right ends of the strip and sew an "X" on each end using thread or thin twine.

Design Option:

Machine zig zag stitch around the perimeter edge of the light blue paper and the top edge of the stars paper.
