| 2 | 2.5" x 1" | | 6" to 8.5" |

layout instructions

- Select the Open Book Clippings (floral) 12x12 patterned paper as your base.
- Following the tutorial and using the trace feature, electronically die cut the next layer from the Confetti Gala (large cream dot) paper. Adhere over your base.
- Trim a 10" square piece from Bazzill Basics beach cardstock. Trim a 9.75" square piece from Confetti Backdrop (text) paper and adhere to the beach cardstock, centered. Add hand or machine-stitching around perimeter, if desired. Adhere the entire piece to the layout, centered. Using gold Color Shine Spritz, add ink splatters to create more texture.
- Locate a circle, tag and "admit one" ticket in the Craft Market ephemera pack. Finish the tag with a natural twine bow. Layer and adhere together. Add hand or machine-stitching, as desired. Adhere a small flower to the cluster with dimensional adhesive. Add a wood veneer center to the flower.
- Choose three tags from the ephemera pack. Layer and adhere to create another cluster. Add machine or hand-stitching as desired. Adhere this cluster to the center, right portion of the text paper piece. Using dimensional adhesive, adhere photo over tag cluster, leaving approximately 1" of the tags showing. Attach paperclip to top, right portion of the photo.
- Using the exclusive PageMaps U cutting files, electronically die cut several 1.5" to 2" flowers from Confetti Celebrate (pink geometric) paper and from brown patterned paper. Die cut two stems and two leaves from Confetti Surprise (green geometric) paper.
- Adhere the two stems to the lower, left portion of the layout. Mix and match the pink and brown flower pieces to create a 3D look. Adhere layers together and finish two flowers with wood veneer centers. Add a small brown/gold circle piece from the ephemera pack to the center of the other flower. Adhere two of the flowers to the stems.
- Adhere the third flower to the bottom, left corner of your photo. Adhere the die cut leaves to each side of the flower.
- Locate the arrow in the ephemera pack and adhere below the photo. Add a few gold enamel dots to the left of the top element cluster and also around the third flower.
- Electronically die cut "friends" title piece 3"-4" wide from brown woodgrain paper. Adhere to the center, top portion of the text paper piece. Finish spelling out your title with Jillibean Soup Kut Kraft Alphabeen letter stickers.
- Type or hand-write your journaling on white cardstock. Cut journaling into strips and adhere below your title.
- Add more gold paint splatter, if desired, and stamp the date below your picture.
