| 1 | 2.5" x 8.5" | 3 | 3" x 2.25" |
| 2 | 6.5" dia. | 4 | 4" dia.t |

layout instructions

- Trim a 10" square piece from the center of the Ride On (yellow dot) paper and set aside. Retain the remaining piece for the base of your page.
- Trim an 11.5" square piece from the Whales (gray stripe) paper. Adhere over the base with the blue edge of the base positioned on the right side.
- Using spray mist, add small droplets to the outer portion of the gray stripe piece.
- Add hand or machine-stitching around the perimeter of the gray stripe piece, approximately .125" from the edge, if desired.
- Trim a 2"x8.5" piece from the Just Beachy (multi stripe) paper, with the stripes running horizontally. Adhere to the base, 3" from the left edge and 1.5" from the top edge.
- Using the exclusive PageMaps U cutting file, electronically die cut a 5.5" sun from the Flip Flops (orange) paper. Electronically die cut a 4.5" circle from the Ride On (yellow dot) paper that you set aside earlier and a 4.25" swirl design from yellow side.
- Adhere the swirl design to the 4.5" circle. Hand or machine stitch around the edges of the circle and over the swirl design. Adhere yellow piece to the sun die cut, centered. Add stitching to the inner most perimeter of the sun die cut, as desired. Adhere the entire ensemble to the page, 1" from the left edge and 2.5" from the top edge and overlapping the striped paper. Add hand or machine-stitching .125" outside of the outer edge of the die cut assembly.
- Electronically die cut a 4" circle from the Sandcastles (multi triangle) paper. Add machine or hand-stitching around the edge, if desired. Adhere to page, 5.75" from the right edge and 2.25" from the bottom edge.
- Electronically die cut a 3.25" circle from the Sandcastles (red) paper. Add machine or hand-stitching as desired and adhere over the multi triangle circle, .25" from the top edge of the multi triangle circle and .25" from the left edge.
- Hand or machine-stitch a 4" circle below the sun piece and overlapping the multi striped piece slightly.
- Adhere two horizontal 3"x2.25" photos using dimensional adhesive. Position the first 2.75" from the left edge of the page and 5.5" from the top edge. Position the second photo .5" from the right edge of the page and 6.25" from the top edge.
- Adhere two vertical 2.25"x3" photos to your page with the first being positioned 5.75" from the left edge and 6.25" from the top edge. Position the second photo 6.75" from the left edge and 3" from the top edge.
- Locate the aqua floral tag in the Summer Sun tags pack. Back the open heart shape with a small piece of gold cardstock. Trim the bottom 1" of the tag and set aside. Adhere the tag above the leftmost photo, aligning the left edge of the tag with the left edge of the photo. Adhere the remaining portion of the tag below the same photo.
- Locate the pink dot scallop strip in the Summer Sun Insta pack and adhere it horizontally, below the leftmost photo, overlapping the aqua floral tag piece.
- Locate the pineapple stamp piece from the tag pack and the "this is my happy place" tag from the Summer Sun ephemera pack. Adhere the pineapple stamp below the leftmost photo, 1" from the left edge. Adhere the "this is my happy place" tag, tucked under the left edge of the photo.
- Locate the anchor wood veneer from the Summer Sun wood veneer pack and adhere below the leftmost photo. Locate the flip flop flair and adhere to the remaining open space below the leftmost photo.

- 17 Electronically die cut a "life" title, 4" wide, from Anchored (aqua) paper. Adhere to the left of the topmost photo, using dimensional adhesive. Complete your title with the Studio Calico wood veneer mini alphas.
- 18 Locate the orange dot tag from the tag pack and adhere above the rightmost photo, overlapping the top vertical photo slightly. Add a Dear Lizzy Daydreamer wood epoxy button to the pink end of the tag.
- 19 Add a red Pinkfresh Studios wood drop chevron sticker to the left of the title.
- 20 Locate three flower shapes in the ephemera pack and one button from the button mix. Finish the button with natural twine and adhere just to the bottom, right of the wood veneer anchor. Adhere two flowers to the bottom left of the "this is my happy place" tag and one above the rightmost photo. Finish flower centers with enamel dots. Add Bo Bunny Double Dot Citrus Jewels to the stitched circle around the sun die cut and stamp the date below the rightmost photo. Finish the page with additional enamel dots.
