photo dimensions

three 2.5" square photos

- | | | | |
|---|--------------|---|-------------|
| 1 | 12" x 5" | 3 | 9.5" x 2.5" |
| 2 | 10.5" x 5.5" | 4 | 2.5" dia. |

- 1 Select a piece of 12x12 white cardstock for the base of your page. Trim a 4"x12" piece from the Beach Shorts (yellow stripe) paper with the stripes oriented vertically. Adhere to the base, flush with the bottom edge.
- 2 Trim a 4"x12" piece from the Frisbee (aqua dots) paper and a 4"x12" piece from the All Tied Up (gray triangle) paper. Adhere the aqua piece flush with the top edge of the yellow stripe paper and the gray piece flush with the top edge of the aqua dot paper. Add hand or machine-stitching along the edges of each of the patterned papers, 0.125" from the edges, if desired.
- 3 Using the exclusive PageMaps U cutting file and the Seafood (navy) paper, electronically die cut a 7.5"x10.75" circle grid.
- 4 Punch three 1 1/2" circles – one each from the Blazing (orange triangle), Relaxing (multi dot) paper and the Plunge (yellow) paper. Punch two additional 1 1/2" circles from the Silver Foil Waves paper.
- 5 Referring to the main project photo, adhere the punched circles to the back of the die cut circle grid – orange triangle circle to the top row, fifth circle; one silver foil piece to the top row, rightmost circle; yellow circle to the bottom row, first circle; multi dot circle to the bottom row, third circle; and the remaining silver foil circle to the bottom row, fifth circle. Adhere the circle grid piece to the center of the layout.
- 6 Trim a 4.5"x11.25" piece of vellum. Trim a .25"x10.5" strip of Wakeboard (multi-stripe) paper. Add machine or hand-stitching down the center of the multi-stripe piece. Adhere the strip along the top edge of the vellum piece, centered.
- 7 Trim a .75"x7" piece of Wakeboard (orange) paper and adhere it to the bottom edge of the vellum, .5" from the bottom, right corner so that half of the orange piece is positioned behind the vellum and the other half overhangs the vellum.
- 8 Trim a .5"x4.5" piece of Plunge (aqua waves) paper and adhere it to the bottom right edge of the vellum, 1" from the right edge and .25" from the bottom edge.
- 9 Trim a 1"x4" piece of the Silver Foil Waves paper. Punch a scallop border along one 4" edge. Trim the piece to .25"x5". Adhere below the aqua waves paper, overlapping onto the orange piece. Add zig-zag stitching along the seam between the silver foil and aqua papers, if desired. Adhere the vellum ensemble to the center of the circle grid.
- 10 Trim a 3.25"x7.75" piece from the Relaxing (red) paper. Trim a 3"x7.5" piece from the multi-color dot side of the Relaxing paper. Mat the multi-color dot piece with the red piece and add stitching around the perimeter, if desired. Adhere the red/multi-color dot piece to the center of the vellum, overlapping the left edge by .25".
- 11 Locate the aqua notebook journaling card from the Making Waves brag card pack and adhere to the right edge of the layered papers. Locate the "summer" brag card and trim off the sentiment. Adhere the sentiment to the right edge of the aqua journaling card.
- 12 Adhere your photos to the left of the aqua journaling card with dimensional adhesive.
- 13 Electronically die cut the word "fun" from Silver Foil Wave paper, making it 3.5" wide. Adhere the die cut word to the aqua notebook card with dimensional adhesive.
- 14 Die cut a 3.5" wide "today" label using All Tied Up (gray triangle) paper and the exclusive PageMaps U cutting file. Adhere a scrap of red paper behind the die cut label. Add a staple to each end of the label. Adhere above the die cut word "fun." Spell out "was" with yellow Simple Stories I Am letter stickers below the "today" label to finish your title.
- 15 Locate the navy/white arrow in the Making Waves ephemera pack. Stamp the date on it with black

ink. Add two staples between the month and the year. Adhere to the bottom, right corner of the aqua journaling card.

- 16 Trim two 14" pieces of natural twine. Locate the yellow triangle pennant shape, red pennant shape, orange tab label and orange/navy star from the ephemera pack. Staple the pennants, label and star along the twine to create a banner.

Adhere the banner along the top of the vellum paper, placing dimensional adhesive behind the pennants, label and star. Add a mini clothespin to each end.

- 17 Finish a small button with twine. Adhere the button, wood veneer stars and "sunny days" flair to finish your layout.
