layout instructions

- Select the 12x12 I Am Unique (teal stripe) paper as your background/base.
- Trim a 6.5"x8" piece of I Am Amazing (pink damask) paper. Trim a 6.25"x7.75" piece of I Am Thankful (black floral) paper. Adhere the black floral piece to the pink damask piece, centered left to right and flush with the top edge.
- Trim a 6"x7.5" piece from the I Am Thankful (white script) paper. Adhere to the black floral piece, centered. Add hand or machine-stitching around the perimeter of the white script paper, approximately .125" from the edge.
- Adhere the layered paper piece to your background, 2" from the left edge and 3.25" from the top edge.
- Using the PageMaps U exclusive cutting file, electronically die cut a 10.75" wide wobbly circle design from white cardstock. Back each of the circles with patterned papers from the Simple Stories I Am collection – Amazing, Dreaming, Thankful and Courageous. Using dimensional adhesive, adhere the die cut piece to the layout, .5" from the left edge and 1" from the top edge.
- Locate the gold polka dot photo overlay and trim in half. Adhere one half to the layout, 2" from the left edge and 2.25" from the top edge, and over top of the die cut circle piece. Adhere the second half 2.25" from the right edge and 2.25" from the top.
- Locate the black floral journaling card from the I Am journaling card elements #4510. Adhere your 2.25"x3" photo to the card, centered left to right and .25" from the top edge. Add hand or machine-stitching to the bottom edge of the photo and the photo mat, if desired.
- Locate the butterfly in the I Am Bradz pack and add to the layout, overlapping the photo and label area of the journaling card. Adhere photo ensemble to the photo overlay, 3.5" from the right edge of the layout and 2.25" from the top edge.
- Using the PageMaps U cutting file, electronically die cut a 2.5"x3" "today" photo frame from I Am Fabulous (light pink dot) paper. Back the "today" with Gold Foil paper. Locate the black heart chipboard frame from the I Am chipboard frames pack. Adhere the pink frame to the black chipboard frame. Add hand or machine-stitching to the edge of the pink frame, if desired. Adhere your 2" photo to the inside of the photo frame.
- Adhere photo piece to the photo overlay 3.25" from the left edge of the layout and 2" from the top of the page, at a slight angle. Clip the top, left corner of the chipboard frame with a mini clothespin.
- Locate a gray tab label sticker on the I Am Fundamentals cardstock sticker sheet and adhere to the left side of the chipboard frame.
- Locate the gold "I Am" phrase in the I Am Sentiment sticker pack and adhere to the bottom edge of the rightmost photo.
- Locate and trim the gold stripe/gold star section from the I Am photo overlay. Adhere the piece to the bottom, left corner of the layered patterned paper piece, .75" from the piece's left edge.
- Locate the "I am simply me" label sticker from the I Am Fundamentals cardstock sticker sheet. Adhere over the white script paper, 1" from the left edge of the layered patterned papers and .5" from the bottom edge. Locate the "my own kind of beautiful" phrase sticker and adhere below the "I am simply me" sticker.
- Locate the pink feather sticker in the I Am Fundamentals cardstock sticker sheet and adhere to the bottom, left corner of the layered patterned papers. Locate two wood veneer feathers in the I Am wood veneer pack. Adhere over the pink cardstock sticker. Tie the wood veneer pieces together by tying the quills together.
- Finish the page with I Am Bradz and enamel dots.
