### layout instructions

- Using the exclusive PageMaps U cutting file, electronically die cut the Aztec background from white cardstock.
- Back each border strip with a different piece of patterned paper from the Craft Market collection.
- Position three wood veneer hoops, of varying sizes, in the center of the layout as shown. Tuck your photos under the two larger hoops. Using your favorite adhesive, adhere your photos to your page. Adhere the wood veneer hoops over the photos, using Glue Dots.
- Locate the "hey darling" scallop chipboard sentiment on the 12x12 chipboard stickers with foil accents sheet. Adhere the small veneer hoop over the chipboard sentiment then adhere entire piece to your page.
- Locate the "L-O-V-E" chipboard letters on the 12x12 chipboard sticker sheet. Arrange the letters in a curve below the largest wood veneer hoop and adhere. Using the mini letter stickers from the 12x12 cardstock stickers - journaling and title sheet, spell out "this" in the space between the "V" and the "E".
- Locate the teal die cut "date received" heart in the ephemera die cut pack and adhere it to your layout, tucked under the left edge of the "L". Locate the pink heart sticker on the chalkboard sticker sheet and tuck it under the top, right portion of the small wood veneer hoop.
- Locate the pink journaling sticker on the 12x12 cardstock sticker journaling and title sheet and add your hand-journaling. Tuck the journaling sticker under the left edge of the largest wood veneer hoop.
- Locate a gold foil filigree die cut in the ephemera pack and adhere to the bottom of the middle-sized hoop.
- Locate three sentiment stickers on the Words & Phrases sticker sheet and place over the right side of the hoop.
- Drop blue Mister Huey's spray mist, as shown, creating a visual triangle, to finish your layout.
