Westchester Funeral Home
190 Main Street
Eastchester, NY 10709

Dear Westchester Funeral Home,

Phil White loved the Village of Tuckahoe very much. He spent most of his years in service to the community as both a volunteer, along with thirty years as an elected public servant. Up until two days before he died he was still acting on his dedication and commitment; mentoring others and making suggestions for a post on Tuckahoe History's social-media page.

What an incredible surprise tribute for all of our family, both near and far as the cars processed down Main Street. Whether members of our family experienced the motorcade in person, or saw all the escort vehicles and the fire trucks holding the flag (the biggest Phil's great grandchildren had ever seen) gently waving aloft in photographs, we were all touched. Especially during this uncertain pandemic time when many people who otherwise might have come out, were understandably wary, it meant so much to have the Village staff and department heads come out as representatives of the Village, standing in front of Village Hall as Phil's casket, draped in the Tuckahoe blanket passed by.

You helped to bring our family added peace by your honoring Phil, who was himself honored to have played a part in helping to make and document Tuckahoe's History.

July 1st was such a tender morning. A unique moment we'll remember always because of your kindness and respect to Phil.

Sincerely,

Alice White
