

Our Mission

St. Agnes Healthcare and Rehabilitation Center is a Long Term Care Facility that specializes in skilled care, rehabilitation services, and special units, to provide a continuum of care. It is the mission of St. Agnes Healthcare and Rehabilitation Center to provide quality of life and quality of care to residents who come to us for long-term residential or short-term rehabilitative care; to assist our residents in achieving their highest possible level of physical, psychosocial, and spiritual potential, always working to protect and enhance dignity; and to seek to continually improve the services we provide.
