

## Do You Have Clients "Who" Are?

- Generally, not feeling well and / or not sleeping through the night?
- Not healing well especially after surgery?
- Having unresolved health problems (specifically digestive problems)?
- Having muscle soreness and / or joint pain?
- Having allergic reactions?
- Having reproductive problems?

If you answered "YES" to any of the above, then a great opportunity is available for you to be part of the Gole Solutions TEAM, a group of like-minded individuals resolving clients Signs & Symptoms (S&S) naturally.

## Who We are What We Offer

Gole Solutions focuses on education in overall health & Wellness with an emphasis on Enzyme Nutrition, 24-Hour Urinalysis, and Blood Testing. Gole Solutions was started by Danielle Gole after completing numerous hours of education and training as a Board Certified Naturopathic Doctor (BCND) and Digestive Health Professional (DHP).

The goal is to figure out what the underlying cause of your clients' Signs & Symptoms (S&S) are and pinpoint why they are experiencing them through the following methods.

- **Signs & Symptoms Survey** - used to pinpoint which body systems and organ(s) are stressed
- **Visceral Stress Points** - pain and visceral dysfunction are always accompanied by involuntary muscle contraction, which is a manifestation of stress in the body and a reliable indicator for deviations in normal homeostasis
- **24-Hour Urinalysis** - biochemical evidence of how well your body is processing your dietary choices and what food(s) your body is having a difficult time digesting and assimilating

A partnership with Gole Solutions would have many benefits, such as the following:

- An additional revenue source without having to do any extra work, but doing what you already do and check for
- New services offered for new and exiting clients

**Gaining Optimal Living Everyday**
