

TESTIMONIALS

Tracey & Rob Morris

Francis Builders have recently completed for us a 2 Storey side extension and new roof, block paved drive with steps, and re-pointed patio.

We were quoted 12 weeks for side extension and roof without drive, we later decided to have drive and patio done too and all in work only took 9 weeks! This was due to the hard work and commitment these guys put in, they were punctual and reliable we went on holiday for a week in between and they looked after our home and even cleaned the house for when we got back.

They really went above and beyond all expectations nothing was ever too much trouble and they ended up doing a lot of extra jobs. We had our plans drawn up from architect however if it wasn't for Francis builders our en-suite wouldn't have been viable. They advised that we take extra skin out of the wall to give us more room. We took their advice and we now have a usable space for en-suite, a lot of builders would have just worked off the plan but the attention to detail from Scott was second to none.

The project management from Scott was outstanding, there was never any down time even with bad weather conditions, supply of materials, tools and everything was timed like clockwork. The whole team that worked on our house were fantastic and we would highly recommend but we would like to say a special thank you to Scott for making our house what we had wished for! We wish you all the best for the future.

Mr S Brownhill

Having had a block paved drive and pathways designed and constructed by Francis Builders, I wish to record my complete satisfaction with their highly skilful workmanship with attention to detail. The staff are punctual, trustworthy, helpful and pleasant and I would have no hesitation recommending them.

Lynda Holdaway

I have just had a block paved driveway completed by the above company. Scott Francis provided me with a written competitive quote. The drive was completed in 4 days and I am very pleased with the final result. They turned up punctually each day and were always polite and very hard working. I would have no hesitation in recommending them and would be happy to do so personally.

Mr & Mrs D Curley

I would have to say how good you did the drive for me. Good workmanship and a professional attitude. Francis Builders are good and hard workers. I would recommend them to future customers.

Mr & Mrs J Billington

Mr Francis quoted for a block paved drive, new steps to access front door and 2 x retaining walls at my property. The quote was received quickly and a date was set for the start of the project.

Even though the weather was against Scott and his team (extremely cold with the odd morning of frost) they attended to complete whatever work the weather allowed. We hit problems with the water main supply pipe to the property which was over 50 years old and needed replacing. Scott informed me of the problem and arranged for a plumber to fit a new 22mm main supply and plumb to the existing pipes inside the property. This was all completed without fuss and to a high standard.

They left the property tidy every evening and made sure everything was secure. We are both delighted with the end result and would highly recommend Francis Builders.
