ACCREDITED DOCTORAL PROGRAMS FOR
TRAINING IN HEALTH SERVICE PSYCHOLOGY: 2019

This is the official listing of APA-accredited doctoral programs; it reflects all Commission on Accreditation (CoA) decisions made through October 20, 2019. The CoA has accredited doctoral programs in health service psychology (i.e., clinical, counseling, school, and combinations thereof) offered by the institutions listed below. The listing of programs accredited in 2019 includes the program’s name, area of health service psychology, degree type, program address, date of initial accreditation, current accreditation status, and next site visit year. Program review is governed by the Standards of Accreditation for Health Service Psychology (SoA). The standards for evaluating programs can be obtained from the APA Office of Program Consultation and Accreditation (OPCA) or at https://irp-cdn.multiscreensite.com/a14f9462/files/uploaded/APA-Principles-Accreditation-SoA-AOP_200116.pdf.

The CoA accepts third-party comment on programs in advance of their next scheduled review. For details on providing comment, please refer to §4 of the Accreditation Operating Procedures (AOP), by contacting OPCA by telephone at (202) 336-5979 or by visiting https://irp-cdn.multiscreensite.com/a14f9462/files/uploaded/APA-Principles-Accreditation-SoA-AOP_200116.pdf.

Accreditation is a voluntary process. Programs that have not applied for and received accreditation are not included in the following list. Programs that have applied for initial accreditation but not yet received a decision are listed on the OPCA website at https://www.accreditation.apa.org/programs-applying-for-initial-accreditation. Programs that have applied for and been noted with the “intent to apply” designation are listed on the OPCA website at https://www.accreditation.apa.org/programs-seeking-intent-to-apply-status. Information about accreditation statuses and designations can be found in the AOP and on the OPCA website.

The accreditation status listed for each program is reflective of its status as of October 20, 2019. If a review of a program is not complete, the program’s prior accreditation status continues to be in effect until the review has been completed and a final decision has been reached. Programs listed as accredited and accredited, on contingency have been judged by the CoA to be consistent substantively and procedurally with the SoA. Programs listed as accredited, inactive have not admitted students for two years or have submitted plans to cease operations. Programs listed as accredited, on probation are, in the CoA’s judgment, not currently consistent with all aspects of the SoA.

To obtain more information on the training aims and approaches of specific programs, the reader should contact the programs directly.
