BGCP is a great place for kids to spend out-of-school hours. We provide programs with proven outcomes in the following areas... and always lots of fun!

**Academic Success**

*Project Learn* reinforces and enhances the skills and knowledge young people learn at school during the hours they spend at the Club.

Club staff creates opportunities for activities, which include leisure reading, writing activities, discussions with knowledgeable adults, helping others, homework help and tutoring, and games like Scrabble that develop young people’s cognitive skills.

*Power Hour: Making Minutes Count* helps Club members achieve academic success by providing homework help, tutoring and high-yield learning activities and encouraging members to become self-directed learners.

*Career Launch*, for ages 13 to 18, explores a broad range of careers, matching members’ interests to career clusters and identifying the skills and education needed for a particular career path.

*CREATES* gives youth an opportunity to share their creative expressions in photography, visual art, and digital art.

**Healthy Lifestyle**

*Triple Play* strives to improve the overall health of members by increasing their daily physical activity, teaching them good nutrition, and helping them develop healthy relationships. Triple Play nurtures the minds, bodies, and souls of Club members.
