

# COURSE OUTLINE

COURSE TITLE: Safeguarding for managers

COURSE LEVEL: 5

DURATION: One day

## Introduction

---

An in-depth look at the subject of child protection from the manager's position of responsibility. Looking at how planning and staff training can assist in promoting a safe environment. Looking at how to promote safe working practices  
Understanding how to deal with incidents and difficult situations, understanding what to report and when to report. Looking at issues of dangerous practice. Looking at how to deal with operational tensions within organisations.

## Benefits of Attending

---

A chance to gain a greater understanding of safeguarding responsibilities, to examine your own attitudes and values and understand the guidelines for dealing with child protection incidents. Look at issues of sexualised behaviour and aggressive or violent behaviour including bullying.

## Programme Highlights

---

- A chance to remind ourselves about the impact child abuse has on children
- A look at how we promote a safe environment and safe working practices within the unit
- Working together. Multi-disciplinary working. Referring information
- Protecting children and young people who are harmful to themselves and others

## Who Should Attend

---

Managers and new managers or senior staff thinking about applying for management position

## Special Notes

---
