

# COURSE OUTLINE

**COURSE TITLE:** Female Genital Mutilation

**COURSE LEVEL:** 3

**DURATION:** One day

## Introduction

---

This course is designed to provide learners with tools to understand the range of skills needed to work with children and young people at risk or having experienced female genital mutilation(FGM)

## Benefits of Attending

---

To increase awareness of this in the UK and worldwide and who performs this and why. To understand how it fits with safeguarding and what constitutes FGM. To understand the risks, the legislation, reporting mechanisms, indicators and the impact on individuals

## Programme Highlights

---

- Trainer is nationally known and respected
- A taboo subject brought to life
- Learners will have an increased awareness and be able to look out for indicators amongst the children they work with

## Who Should Attend

---

Anyone who is working with children and young people

**Special Notes:** This course is also available as a workshop on the same day as Domestic Abuse Basic Level 1
