All Tracker

## 52223 REFLECTS-ARDAHAN

Bluetooth® Keyfinder. This small detector is able to retrieve lost keys, fair trolleys, suitcases and bags easily and quickly. You can also connect a number of detectors with your App, so that a number of devices can be tracked with only one App. And if you, for a change, search your cell phone, it will also help you. The smart technology works in both directions. The device works with an App called All Tracker, which is available in all common App stores. With a remote trigger function, adjustable distance via App (up to 15 m distance), product locating via map, selectable ring sounds, alarm for low battery and many more features, this Bluetooth® device is an indispensable companion. 51 x 30 x 6 mm. 11,2 g. **THE ORIGINAL ONE!** Heavy wallets full of change always miss it: the famous trolley coin when you need one. A caddy chip is helpful and it is a promotional item with real presence. That is also what the designers thought and created a long-running success, which has got many supporters over the years. Our light and low-cost caddy chip holder with an integrated chip is available in many colors and has a particularly prominent advertising space.

# Concept & Branding

## Branding

Pad Print

Depending on the shape and surface structure of the article, up to four colours are available.

Laser engraving

The subtle and noble character of the laser engraving turns any product into a promotional item.

Doming

The concavity (domed label) and the associated 3D effect make your product look noble.

UV-direct printing

The UV printing process allows you detailed prints on various materials.

## Individual production

### Design, draft, develop or create!

Create your own quite individual product! Our step-by-step concepts make the process easier and more comprehensible than ever before: In clear, understandable steps you create your product step-by-step from the basic idea to the finished individual article with all the details you need. Or to put it more simply: We give you the perfect tools for your own individual ideas.
