

Remote learning guidance for students at Hove Park School

*When school is suspended and Remote Learning is implemented, the following guidelines are put in place for Years 7-11. The intended outcome is that the curriculum is at the forefront of the work we set and, as far as possible, student progress should not be negatively impacted. To deliver remote learning, **Firefly** will be used across the school following the Remote Learning Timetable for Students for Years 7-11.*

You can access Firefly and subject specific content online from your iPad along with all the other apps you use to facilitate your learning. Firefly can also be accessed through a web browser [here](#)

Whilst the school is temporarily shut these are the key things you need to be aware of:

Using Firefly

You all have access to Firefly with your school login and password. Everyone has a login that begins with the year you joined Hove Park School followed by your surname and first initial.

E.g. For Joe Bloggs who joined in 2018 : 18Bloggsj@hovepark.org.uk . If you have a problem accessing your account, email itsupport@hovepark.org.uk.

Teachers will be setting work and uploading it onto Firefly. The expectation is that you complete the work set – following the Remote Learning Timetable below. Teachers will, where possible, get back to you with any questions and follow up tasks.

1. Students should be online and follow the Remote Learning Timetable to enable teachers to respond to student needs and keep structure to the day.
2. Check Firefly to see the tasks set for each lesson.
3. Students must complete all set work.
4. Students must use the discussion feature in the Firefly task to communicate with their teachers and ask questions if they do not understand.
5. Students **MUST UPLOAD ANY WORK TO THE TASK AS A PDF TO BE MARKED AND ANNOTATED** .
Where appropriate, photos can be used to evidence.
6. Students must sign off that they have completed set work as per teachers instructions.

Firefly is accessed via the [Firefly for Students](#) app on iPad or via a browser online [here](#) at the student portal.

Examinations

There are no current plans to make changes to the exams scheduled to take place - a link to the statement from ofqual can be found here: <https://www.gov.uk/government/news/updated-statement-on-coronavirus>

Keeping Safe

'@YourSpace' will not be monitored whilst the school is shut. If you, or a friend, feel you would like to talk to someone or you are worried about your mental health or well-being - please make contact:
