## ***About Us***

National Kitchen & Bath Cabinetry, also known as NKBC, is a wholesale cabinet supplier offering Semi-Custom All Wood Cabinets. NKBC was established in Concord, NC in 2016. In less than three years, we have grown to be one of the leading players in the cabinet industry throughout the United States. When NKBC's first location opened, we started with only three product lines. We have since expanded our products and have been able to provide quality cabinets for the needs of every customer at affordable prices. Our design team works actively with our factory to meet the needs and expectations of our customers. Our innovative designs and quality craftsmanship set us above the competition. Our goal is to make your home more stylish and comfortable while providing exceptional value with endless possibilities. NKBC is proud to announce that we have trademarked our products to two of the largest authorized cabinet wholesale distributors in Austin, TX and Romeoville, IL.

## ***Our Mission and Goal***

NKBC insists on the principle of maintaining customer satisfaction by delivering great products, prices, and services. **No job is too small!**

## ***About Price***

NKBC, a wholesale cabinet supplier aims to provide high quality cabinets. As a wholesaler, we purchase in large volumes at a lower cost while offering exceptional value. We are then able to pass those savings to our customers by keeping our prices economical and affordable.

## ***About Clients***

Our target clientele is anyone related to the cabinet and construction industry (distributors, developers, builders, retailers, contractors, designers, etc.). The NKBC showroom is open to the public, however, we do not sell to the end users or homeowners. If you are a homeowner and you are interested in our products, you can bring your own contractor or we can help you to contact the nearest NKBC authorized dealer in your area.

## ***About Services***

We believe a product is only as good as the service that supports it. With our large inventory and variety of cabinet styles and sizes, customer orders can be fulfilled within days. We offer delivery for an additional charge for local customers. For out of state or international customers, we offer shipping via popular freight logistic companies. To meet our customer's specific needs, we also offer assembly, semi-custom services and modification applications for our cabinets.

# LIMITED WARRANTY FOR ONE YEAR

## Warranty.

National Kitchen & Bath Cabinetry, also known as NKBC warrants that all cabinets sold by NKBC are free from defects in material and workmanship under normal use for a period of one year (1) limited warranty from the date of purchase. This warranty is only applicable to products used in residential applications and is not transferable to subsequent owners. This warranty shall become void if the cabinets are in any way modified, improperly assembled, installed or damaged prior to or during the installation. Furthermore, this warranty will not apply to cabinets damaged by misuse, neglect, abuse, exposure to moisture, exposure to extreme temperatures or the effects of normal wear and tear.

## Variations and Environmental Exposures Not Covered.

By purchasing our product, the original purchaser acknowledges that natural woods may vary in color, characteristics and exhibit subtle changes as they age. Sunlight, smoke, moisture, household cleaners and other environmental conditions may also affect the color match, or cause the materials to warp, split, or crack over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not covered under this warranty.

## Updated Product Lines.

NKBC periodically updates and makes changes to its product line and specifications. If a warranty claim is filed after a NKBC product becomes obsolete, NKBC reserves the right to alter specifications and material without obligation to make similar changes to products previously manufactured. NKBC will replace the part under warranty with a new part of the same style or with a similar style currently offered, but NKBC cannot guarantee that the finish of these replacements will exactly match the finish and appearance of the components in the residential application. This is due to the changes that occur during the woods natural aging process, affecting its color and grain.

NKBC's warranty is non-transferable to end-users, including consumers and homeowners who purchase NKBC products through the original purchaser. Any and all end-user warranty claims must be handled through and by the original purchaser, which may independently provide warranties to the end-user. Where the original purchaser, through its independent warranty with an end-user, is liable for a claim that would otherwise have been covered by NKBC's warranty to the original purchaser but for its non-transferability.

## Submitting a Claim.

A payment receipt or paid invoice as proof of purchase is required to obtain benefits from this warranty, dated no earlier than one year (1) from the date of warranty claim and (2) if the claim is from an end user, first contact your authorized NKBC dealer or distributor, who will arrange for inspection of the cabinet.
