WELCOME TO APA 2018

Greetings Fellow Division 18 Members!

It is our pleasure to share the program line-up for APA 2018 in San Francisco, CA, and to introduce you to the array of symposia, poster sessions, hospitality suite events, and activities presented by your fellow Division 18 colleagues. We believe that you will find the Division 18 programming timely, diverse, and innovative. We also have a special evening planned for this year's Division 18 Social Hour ([see pg?](#) for event information and directions). We hope that you will join us this summer for what promises to be a great convention, in a wonderful city. Looking forward to seeing you in San Francisco!

WHO WE ARE AND WHAT WE DO

The Division of Psychologists in Public Service (18) was established in 1946 as a founding division of APA. It was created in response to the needs of the public in such areas as psychological practice, research, training, program development, and outcome evaluation. Among its goals, Division 18 works to protect and advance the profession, foster ethical practice, advocate for persons with mental illness, and promote quality care.

Public service psychologists are practitioners, researchers, university professors, legislators, program developers, clinical coordinators, managers, administrators, and more. Their clients include consumers of mental health services, managers, administrators, policy makers, elected officials, and the public. They work in a variety of settings, including state hospitals, community mental health systems, VA medical centers, criminal justice systems, police and public safety settings, state legislatures, and in academic institutions. In general, the services they provide are as varied as the persons they serve and the places they work.

Members of Division 18 help train more than half the clinical and counseling psychologists in the nation by providing the internship sites and administering the internship programs. Its members develop and implement mental health treatment programs for millions of persons in inpatient and outpatient settings, as well as community support systems. Through the work of its members, Division 18 has the potential to directly or indirectly touch the lives of most people living in the United States.

Voting members of the Division Executive Board

include the President, Past President, President-Elect, Secretary- Treasurer, Representatives to the APA Council Student Representative, Membership, Education, and Communication Cluster Chairs, and six Section Chairs. Non-voting members include the Fellow Chair, Continuing Education Chair, Journal Editor, Newsletter Editor, Advertising Chair, Mid-year Division Convention Chair, APA Programming Chair and Co-chair, Webmaster, Diversity Committee Co-chairs, Early Career Representatives, Liaison to CAPP, Policy and Advocacy Committee Chair, Ethics Task Force Chair, and the Federal Advocacy Coordinator. To be a member of the Executive Committee, one must also be a Member of APA. The one exception is the Student Representative. The Executive Committee meets several times year; both the section and the Executive Committee typically meet at the APA Conventions.

OUR MISSION STATEMENT

*Our mission is to advance
the creation,
communication and
application of
psychological knowledge
in public service settings
to benefit society and
improve people's lives.*

OFFICIAL JOURNAL OF DIVISION 18

Psychological Services is the official journal of APA Div. 18. Division members and their colleagues are strongly encouraged to submit articles for review and to invite their institutions to subscribe to the improved quarterly *Psychological Services* Journal.

Psychological Services encourages submissions of papers that focus on psychotherapy outcome studies, evaluations of clinical programs, and public policy analyses. The Journal also publishes literature reviews that make a contribution to service delivery in public service settings, as well as unique model program descriptions for psychological service programs. Analyses of policy issues related to the delivery of *Psychological Services* in organized care settings are also considered. The *Psychological Services* Editorial Board understands that psychologists in public sector settings receive little in return for the effort involved in developing and publishing scholarly manuscripts. Tenure and or promotion are generally not linked to a history of successful publications, and little or no work time is allotted towards research for most clinicians in such

settings. As a result, many public sector psychologists have not honed the skills often thought necessary to achieve success in a "publish or perish" environment. Nevertheless, practitioner/scholar remains the ideal for many clinicians working in public service settings. Psychologists working in these settings often have rich resources, either in the form of program development or direct clinical service provision, upon which to base publications. It is, therefore, the commitment of the new *Psychological Services* editorial team, while maintaining the highest standards of scholarship, to work closely with authors for whom the realm of academic publication is unfamiliar in order to ensure appropriate dissemination of the valuable work performed by public sector psychologists.

GOOD THINGS TO KNOW

Convention and Registration

**APA
2018**

The American Psychological Association handles registration for the convention. Registration materials may be obtained through the [APA Convention website](#) where registration and hotel reservations may be also be completed online.

Space is limited in the main convention hotels so register early. When registering, please list Division 18 as your primary affiliation. This helps maintain our allotted program hours in subsequent conventions.

The complete [online APA 2018 program](#) is also now available or you can download the [APA 2018 Mobile APP here](#).

Division 18 Hospitality Suite

HILTON SAN FRANCISCO UNION SQUARE

333 O'Farrell St., San Francisco, CA 94102-4423 Phone: (415) 771-1400

The 2018 Hospitality Suite will be located in the Hilton San Francisco Union Square in a SKYLINE LUXURY PARLOR. However, the room number of the suite will not be assigned until we check into the hotel. We will post the room number in the lobby of the hotel and on the various Hospitality Suite signs around the hotel. You can also check with the front desk personnel. For those who are subscribed to the listserv, the suite number will be posted on the listserv once we check in to the hotel, so, if you can, check your email when you arrive in San Francisco.

Division 18 Social Hour

**TENDERLOIN
MUSEUM**

**TENDERLOIN
MUSEUM**

**398 Eddy Street
(@ Leavenworth)**
San Francisco, CA 94102

This year, we have combined our Social Hour with the presentation of awards and will be holding our special event at the Tenderloin Museum not far from the convention area. It's a 3 minute car ride or 15+ minute walk from the Convention Center. The Division will be providing heavy appetizers and two free beverages per person.

RELEVANT CE WORKSHOPS

MANAGING ETHICAL DILEMMAS AND COMPLEX RELATIONSHIPS IN POLICE AND PUBLIC SAFETY PSYCHOLOGY SETTINGS

<p>CE CREDITS 4</p> <p>ENROLLMENT LIMIT 40</p> <p>ADVANCED ***</p>	<p>Police and public safety psychology is a specialized practice domain that requires knowledge of the services provided to consumers, an understanding of the legal issues associated with service delivery, and cultural competency related to the environments in which intervention and consultation occur. This advanced workshop addresses steps in managing ethical dilemmas and complex relationships consistent with the APA Ethics Code. Through didactic material and interactive discussion of case examples, participants advance their ability to manage predicaments in this distinct environment and thoughtfully consider emerging issues in ethical reasoning specific to these governmental agencies.</p> <p><i>Jocelyn E. HANDS-ON SKILLS FOR USING APPS AND ONLINE PROGRAMS FOR VETERANS WITH PTSD AND RELATED ISSUES

<p>CE CREDITS 4</p> <p>ENROLLMENT LIMIT 40</p> <p>INTERMEDIATE **</p>	<p>This intermediate workshop presents research on the use of mobile applications (apps) and online programs in mental health care. Experts from the National Center for PTSD mobile apps team provide training on apps the Department of Veterans Affairs has developed for self-management of PTSD symptoms and related issues (e.g., anger and substance use). On provided tablets, participants practice using a variety of mobile and online self-management tools that can supplement or facilitate the care they provide. Intermediate skills for interacting with veterans around technology, including ethics and cultural considerations, are demonstrated, as well as an overview of using apps for clinical research.</p> <p><i>Pearl A. EVIDENCE-BASED INTERVENTIONS FOR FIRST-EPISODE PSYCHOSIS: RAISE-ETP AND BEYOND

<p>CE CREDITS 7</p> <p>ENROLLMENT LIMIT 30</p> <p>INTERMEDIATE **</p>	<p>This intermediate workshop presents information from the National Institute of Mental Health’s RAISE –ETP (Recovery After an Initial Schizophrenia Episode–Early Treatment Program) project, a landmark multisite randomized controlled trial to evaluate the benefits of comprehensive specialty care (CSC) in treating first-episode psychosis in typical community clinics. Results from the RAISE initiative have led to a national initiative to use CSC strategies to decrease future episodes of psychosis, reduce long-term disability, and help people regain functional capability</p> <p><i>Mary A. CRIMINAL LAW AND MENTAL ILLNESS

<p>CE CREDITS 7</p> <p>ENROLLMENT LIMIT 50</p> <p>ADVANCED ***</p>	<p>This advanced workshop elucidates aspects of criminal law as it relates to the assessment of mentally ill defendants. Many case examples and laws are drawn from death penalty cases, but currently the law applies approaches from capital cases to all criminal cases, and lawyers will increasingly expect psychologists to do so as well. This practical approach to law will frame and expand participants’ critical engagement with the current state of the research on cognition and psychiatric/neurologic illnesses to illuminate litigation, mitigation, and psychologists’ unique role and expected participation in criminal adjudication.</p> <p><i>David Freedman, PhD, Columbia University in the City of New York</i> <i>Jennifer K.
