Acceptance of Exhibits and Exhibit Content

Decisions regarding the acceptability of exhibits will be made in the first instance by the APA Chief Communications Officer, in consultation with the Board of Convention Affairs (BCA) chair. The APA, acting through its Chief Communications Officer, reserves the right and sole discretion to reject any proposed exhibit for any reason. Prospective APA exhibitors are advised that the acceptability of products or services for display at the APA 2020 is based on legal, social, professional and ethical considerations.

Decisions on the acceptability of exhibits are made on an annual and case-by-case basis. Inclusion of an exhibit in a prior APA 2020 is not determinative of the acceptability for future Conventions, as acceptability is reviewed annually.

Before a technology or software provider, or digital service related to mobile health (mHealth), telehealth or other healthcare application, is permitted to become an APA 2020 exhibitor, sponsor or advertiser their applications and supporting information will be evaluated by professional staff (as applicable) against the criteria outlined in APA’s Technology Advertising Policy, on.apa.org/apa-apasi-technology-policy.

Exhibits must be consistent with the professional nature of the APA 2020. Exhibit space is not intended for airing either side of a controversial social, political, or professional issue. APA exhibit space is not intended for the purpose of campaigning for APA president or any other APA governance office.

The American Professional Agency is APA’s sole authorized and preferred provider of professional liability insurance to members. As such, no companies or businesses that offer any of these insurance products (or any insurance products that are included under the terms of the APA/American Professional Agency agreement) will be allowed to advertise, exhibit, promote, discuss, or provide information on their products through the use of APA media, venues or events.

APA reserves the right to decline exhibitor requests to conduct non-APA surveys inside the APA Solutions Center, the APA 2020 headquarter hotels or supplemental hotels, or any area where an APA event or function is being held during the APA 2020.

APA reserves the right to require APA exhibitors to edit, amend, or eliminate parts of exhibits that in the Association’s opinion are not in keeping with the Association’s objectives or are otherwise inconsistent with APA policies.

APA exhibitors may not conduct contests, lotteries, raffles, and/or games of chance without prior approval of the APA Media and Event Sales Department.

The exhibition of products or services at the American Psychological Association convention is neither an endorsement of the exhibiting organization nor of the products or services exhibited. APA is not responsible for any claims made by an APA exhibitor. In addition, APA exhibitors may not, without prior APA consent, incorporate in subsequent promotions the fact that a product or service has been exhibited at an APA 2020.

Exhibit Space Application Review

APA 2020 exhibit space applications are subject to review as detailed in Acceptance of Exhibits and Exhibit Content. Additional information about the exhibiting company and/or the products/services to be displayed/promoted may be requested before a final decision is reached.

Exhibit Space Assignment

APA 2020 exhibit space applications that have been accepted by APA are processed and assigned on a first-come, first-served basis by the APA Media and Event Sales department on behalf of the Director, Convention and Meeting Services. Priority of space assignment will be based on the date and time that the application is received by APA. If multiple applications are received simultaneously then they will be sub-ranked according to the total number of booths/square footage requested.

Prior to assigning exhibit space, APA reviews and makes every effort to honor exhibitor requests regarding their booth location preferences—including requests to be located near or far from another exhibiting company. However, such requests are not guaranteed. After booth space has been assigned, APA exhibitors may view the online Solutions Center floor plan to confirm their neighboring exhibitors and, if concerns arise, have the option of relocating to another booth location. In such cases, exhibitors that wish to relocate should submit their request to Carol Hall, Exhibit Sales Manager, chall@apa.org.

At no time during APA 2020 may APA exhibitors canvass, solicit, demonstrate, or distribute advertising or promotional materials in areas of the Walter E. Washington Convention Center that are outside of the Solutions Center or in hotels that have been contracted for APA 2020, including hotel meeting rooms, hallways, or other areas. Exhibits, displays, and/or advertising material of any kind are not allowed in APA 2020 hotel rooms or hallways unless approved in advance by the Director, Convention and Meeting Services.

APA exhibitors should be considerate of neighboring exhibitors when soliciting attendees to visit their exhibit booths. Aisles in front of the exhibit booths must be kept clear. Enough space must be allocated within each exhibit booth for attendees to browse or watch product demonstrations. Any activity that causes attendees to congregate in the aisle or in adjacent exhibit booths will be curtailed or eliminated.

Violations of this APA 2020 policy may result in the exhibitor’s dismissal from the APA 2020 Solutions Center and/or negatively impact the exhibitors’ opportunity to participate in the APA 2021 Solutions Center.

Liability and Insurance / Hold Harmless Policy

The APA exhibitor, upon contracting to exhibit, expressly releases the American Psychological Association (APA) or any of its officers, directors, employees, or committee members; the APA Board of Convention Affairs; or the owners, employees, or representatives of the Walter E. Washington Convention Center (hereafter collectively referred to as the APA and the Center) from any responsibility or liability for any injury, loss, or damage that may occur to the APA exhibitor or to the exhibitor’s employees or property prior to, during, or subsequent to the period covered by the APA exhibitor’s contract, including, but not limited to, any responsibility or liability for negligently caused injury, loss, or damage; and further, the APA exhibitor agrees to hold harmless and indemnify the APA and the Center against any and all claims made against the APA and/or the Center by any person and arising out of the APA exhibitor’s acts or omissions. If the APA Solutions Center is canceled due to circumstances beyond the control of the American Psychological Association or the Center, then all payments submitted by APA exhibitors for APA 2020 exhibit space will be refunded.

Accreditation Requirement for Educational Programs

The exhibiting of educational programs in the Solutions Center is restricted to those schools or other institutions fully accredited by regional or other institutional accrediting associations recognized by the U.S. Department of Education. In addition, for those areas of professional psychology where APA or CPA accreditation is currently provided (e.g., clinical, counseling, school, combined), APA will restrict exhibiting to only APA- and CPA-accredited programs. Programs accredited by either the American Psychological Association or the Canadian Psychological Association must state in their exhibit materials that they are APA- or CPA-accredited and include contact information for the APA or CPA accreditation office.

FDA-Approval Requirement

The following product types must conform to all federal regulations and policies of the Food and Drug Administration (FDA) to be displayed and/or sold in the APA 2020 Solutions Center. Exhibitors with products in these categories must include with their APA 2020 exhibit space application a copy of the relevant FDA-approval certificate. Additionally, if the application is approved by APA and exhibit space is confirmed, then at all times during official APA 2020 Solutions Center dates and hours a copy of the FDA-approval certificate must be displayed in the exhibitor’s booth and in a manner that is clearly visible to attendees that visit the exhibitor’s booth.

• Medical devices that have been approved by APA for display in the Solutions Center
• Pharmaceutical products — NOTE: The regulations of the Food and Drug Administration (FDA) provide exacting legal controls over the claims that drug manufacturers may make for their products and require them to state contraindications, hazards, etc. unless “reminder advertising” makes no product claims. Adherence to legal requirements concerning the content of drug advertising is the manufacturer’s responsibility. The disorder or symptom for which a drug or other product is being recommended must be prominently stated in materials to be displayed in the exhibit space, except in reminder advertisements, as provided by the FDA regulations. Materials to be displayed may not in any way suggest the use of medication or other substance for the relief of the tensions or problems of everyday life rather than for the relief of symptoms of illness or disorders. In pharmaceutical advertising copy, the full generic name of each active ingredient shall appear. Pharmaceutical products for which approval by the FDA of a new drug application is a prerequisite for marketing are not eligible for display in the APA Solutions Center until such approval by the FDA has been granted.
Solutions Center Security
As a courtesy, APA will provide security for the Solutions Center on a 24-hour basis during the entire APA 2020 exhibit period. The furnishing of such service is in no way to be understood or interpreted by exhibitors as a guarantee to them against loss or theft of any kind. Neither the APA nor the Walter E. Washington Convention Center is liable for, or carries insurance on, exhibitor property, displays, or fixtures. For this reason, exhibitors are encouraged to carry insurance coverage on their goods, including transit to and from the show location. After the official opening of the APA 2020 Solutions Center on Thursday, August 6, 2020, no one—including exhibitors—will be allowed access to the Solutions Center prior to 7:30 a.m.

Exhibit Space Cancellations and Refund Policy
Cancellations of APA 2020 exhibit space must be submitted in writing. Exhibit space refunds will be made in accordance with the following schedule:

- **CANCELLATIONS RECEIVED PRIOR TO MARCH 2, 2020**
  100% refund
- **CANCELLATIONS RECEIVED MARCH 2-MAY 15, 2020**
  50% refund
- **CANCELLATIONS RECEIVED AFTER MAY 15, 2020**

Equal Employment Opportunity
The American Psychological Association (APA) endorses equal employment opportunity practices and accepts exhibit applications only from organizations that are not discriminatory on the basis of race, color, sex, religion, national origin, gender, age, sexual orientation, gender identity or expression, marital status, number of dependent children or the ages of the children, physical or mental disability (visible or non-visible), genetic information, status as a protected veteran, or any other basis on which discrimination is prohibited by federal or local law.
