Terrace Wedding Package

The Chapel is set in a beautiful garden and has a bridge and pond with 2 water features. Your guests will enjoy welcome drinks and gourmet snacks in the gardens whilst you go off for your photos. As the sun begins to set over the golf course, one can experience the 'music' of the bird life which encompasses the venue.

Once inside the venue, a giant crystal chandelier, twinkly fairy lights, and cascading roof draping complete the perfect picture. Fully opening glass doors and windows around 3 sides of the venue allow guests to enjoy the view and nature from inside whilst celebrating this wonderful occasion with you.

Once your guests have departed, you will no doubt want to spend some relaxing time together. Why not allow us to spoil you in our 4 Star Guest Lodge? This package includes the use of our Honeymoon Suite which includes a private and enclosed patio with a splash pool, jacuzzi & open air showers. Complimentary bubbly and a lovely fresh fruit & cheese platter complete this unforgettable experience. You'll also get to enjoy a lovely breakfast the next morning before you check out.
