## BalanceAdapt™

Unlike other Stressless sofas, Stressless Panorama has a fixed angle between seat and back. When seated, you will feel the BalanceAdapt-system effortlessly adjusts the seat and back to your desired sitting angle. The seat and back respond to your movements with a subtle and comfortable rocking movement, offering personal comfort and perfect balance to each seat.

The legs are available in all 7 wood finishes and are connected to the sofa with a polished aluminum bar.

The seat and back on Stressless sofas with the BalanceAdapt system respond to your body and offer a subtle and comfortable rocking movement.
