Food & Water:
Members at the Bronner Family Branch and 4S Ranch Branch will need to bring a sack lunch every day. Free breakfast and lunch will be provided at CP Escondido, Clairemont and Payne Family branches. Please plan accordingly.
A free, healthy afternoon snack will be provided at all branches except 4S Ranch Branch.
Our drinking fountains are covered over and will not be used for the foreseeable future. Single use water bottles will be available to members as needed in each program area.

Safety Precautions:
- Parents will not be allowed in the Club
- Members must have their temperature taken before entering the building
- Social distancing will be maintained
- Face masks will be required for everyone
- Routine hand washing
- Limited group size
- Staff will be cleaning and disinfecting throughout the day

Parent Expectations:
Parents are asked to support the Club in providing a safe space for our members and staff by informing the Club of any changes to their child’s health or community exposure. If a child exhibits any symptoms of fever, runny nose, coughing, or shortness of breath, parents are asked to keep them home until their symptoms have subsided for 72 hours without the assistance of medication.

Parents must walk their child(ren) to the front door for check-in each day and must answer the following questions:
- Has your child had a fever, cough, sore throat, shortness of breath, vomiting, diarrhea, or a rash in the last 72 hours?
- Has your child been exposed to someone who has been diagnosed with COVID-19 in the last 14 days?
- Have you or your child traveled internationally (including Mexico) in the last two weeks?

If you answer yes to any of these questions, your child will not be admitted into the program and you will be asked to return when you are able to answer no. If you pass the verbal screening, your child will have their temperature checked. If lower than 100.4 F – Member may enter building and proceed to handwashing station. If 100.4 F or higher - Member will be sent home until fever-free without fever reducing medication for at least 72 hours.

If members begin exhibiting symptoms of fever, cough, sore throat, shortness of breath, vomiting,
diarrhea, or a rash, staff will notify parents immediately. Parents are expected to pick up their child as soon as possible.

**Member Expectations:**
Members participating in the program are expected to follow Club policies surrounding behavior, hygiene, health practices, social distancing, and any recommendations outlined by the CDC. Members must be able to participate in program at their designated workspace and follow instructions of staff in order to ensure their safety.

Members who show disregard for Club policies or exhibit intentional disruptive behavior may be asked to leave the program. Parents should talk with their children and reinforce the importance of compliance and safety.

Members are asked to leave personal items not needed for school work at home.

**Safe Learning & Playing Space:**

- Children shall not change from one group to another.
- Each group shall be in a separate room. Groups shall not mix with each other.
- Groups should remain the same from day to day.
- When possible, place members of the same family/household in the same group.
- Staff shall remain solely with one group of children throughout the course of the day.
- Ideally, there will be no more than one child per table, and tables should be positioned to accommodate six feet of separation between every person. If two children must sit at the same table, they will sit on opposite ends to allow for the maximum amount of separation.
- Only items that can be sanitized/cleaned daily are authorized to be used as part of the program (wood, plastic, metal, etc.). Items that cannot be washed or sanitized daily at the facility will be prohibited (stuffed animals, plush toys, etc.).
- No town hall meetings, large gatherings, in-person staff meetings or congregating of staff.
- Each room/program space will have their own supply of hand sanitizer and bottled water.
- Each member will be provided with some core supplies: crayons, markers, pencil, glue stick, etc. The supplies will be marked with their name and only they will be able to use those supplies.
- Each member will have a cubby or a locker to store their supply kit and any other personal items. While we encourage members to leave personal items at home, they can bring lunch/snacks and a water bottle. All cubbies/lockers will be marked with the Club members’ name. When possible, spread out which cubbies/lockers are in use. There will be no congregating around the cubbies/lockers. Tablets/laptops may only be used for school work. No games or other activities are allowed. Devices should be in case with the member’s name on it. The device should stay with the member throughout the day.
- Whenever possible and safe to do so, windows and doors to the outside should be left open to increase air flow.
- Outside play spaces should be utilized as much as possible, with each group having at least 30 minutes of outside time each day.
