

2019 Pressure Washers

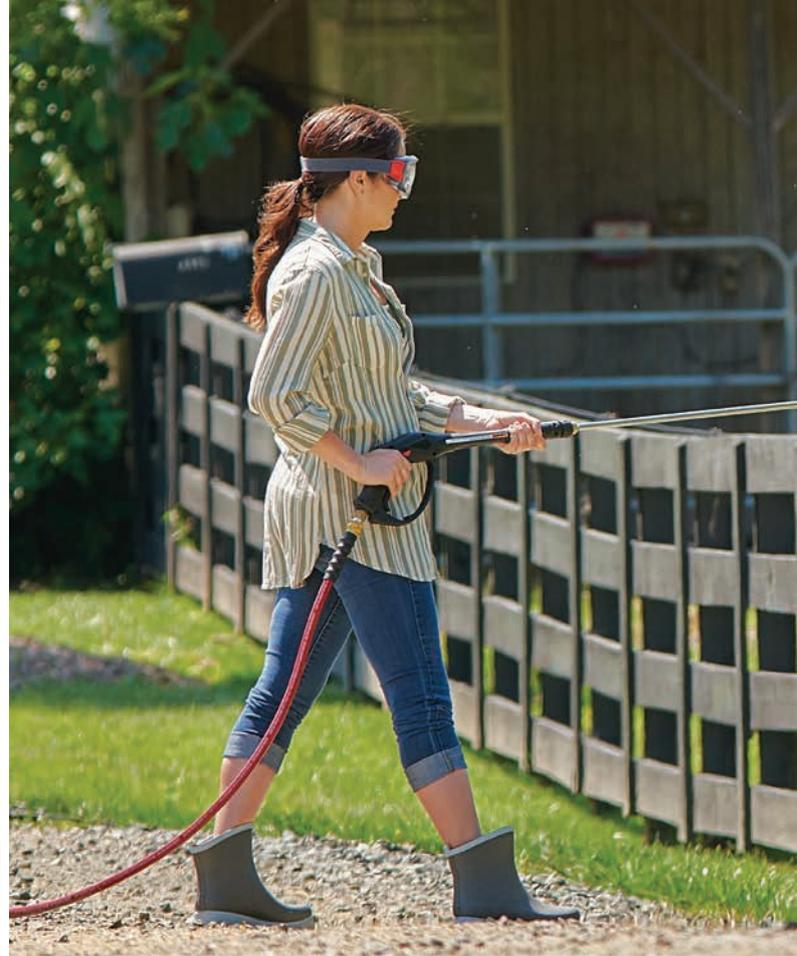

**Cleaning power
that inspires.**

YOU.POWERED.

There is a Briggs & Stratton difference.

You've got big cleaning jobs to do and you want it done faster, easier and cleaner. You need the reliability, quality and innovation only Briggs & Stratton can provide.

Briggs & Stratton backs you with more than 100 years of power expertise, from front yards to farm fields, all over the globe. We build durable power equipment with performance you can trust, worldwide support you can depend on and innovation inspired by you. We are not only the trusted, industry leader in pressure washers, we are the premier maker of engines for outdoor power equipment in the world – with a legacy and reputation unmatched by the competition.

Innovations

Quieter. Easier. Smarter.

You drive us to design and build products that give you the confidence and power to succeed. When you tell us about your toughest cleaning challenges – we listen. Then we apply our knowledge and commitment to innovating solutions, a Briggs & Stratton tradition for more than 110 years.

We put the latest advancements in outdoor cleaning technology in your hands, for the ultimate power washing experience.

Innovation inspired by you.

New Electrics

Compact, durable steel frame

The small, sturdy footprint combined with a fold-down handle makes for easy storage.

Brushless induction motor

As the quietest motor in our electric pressure washer line, the new brushless induction motor provides a longer life and more efficiency than ever before.

POWERflow+ Technology™

The power to do more

High Pressure is ideal for power-washing and deep cleaning.

High Flow is ideal for extended reach, power soaping, power rinsing and delicate surfaces.

Advanced Pump Technology provides smart features to clean faster. Extended distance and increased flow allows you to easily wash windows and handle delicate jobs. Patented Briggs & Stratton technology.

7-in-1 Nozzle saves time and puts you in control. Adjust pressure settings and apply soap with one-handed operation at the nozzle. Only available on POWERflow+ pressure washers.

POWERflow+

TECHNOLOGY™

* See Operator's Manual or www.briggsandstratton.com.au for complete warranty details.
† Compared to tubular-style pressure washer frame in a displacement crush test.

What can a pressure washer do?

Clean better

Provides up to 75 times more cleaning power than a standard hose for deep cleaning.

Save you time

Cleans in a fraction of the time it would take by hand – more power equals faster performance.

Renew and restore

Keeps sidewalks, driveways and wood looking new. Strips away mold stains, tough oil marks and chipped paint.

General cleaning terms

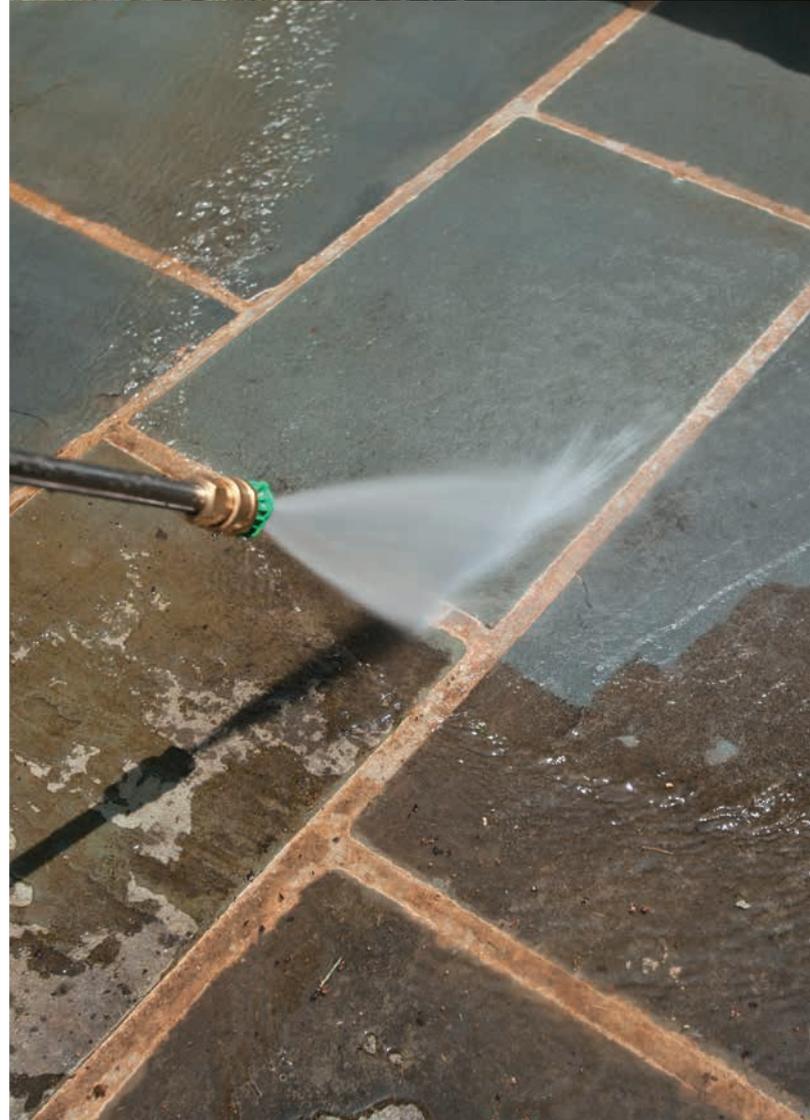

To help you choose the best pressure washer for your needs, look at the two general cleaning terms used to measure power: PSI and LPM. The overall cleaning performance is determined by how these work together. The higher the numbers, the faster you can clean.

PSI (Pounds per square inch)

A measurement of the water pressure generated in PSI. It gives you the power to penetrate dirt and grime.

LPM (Litres per minute)

The water flow delivered to the spray gun, measured in LPM. It gives you the power to break down dirt and wash it away.

Choosing the right pressure washer.

Choosing a product that is powerful and durable enough to fit your cleaning needs is key. There are two things to consider. The heavier the duty level, the longer the product will last. The higher the PSI, the more time you will save.

LIGHT-DUTY

Home Series

Light weight pressure washers for occasional home use and smaller projects.

1700-2000 Max PSI*
4.5-15 Max LPM*

MEDIUM-DUTY

Sprint Series

Versatile user-friendly pressure washers for moderate frequency property maintenance.

2200-3400 Max PSI*
7-19 Max LPM*

HEAVY-DUTY

Pro Series™

Durable heavy-duty components for frequent cleanup and larger projects.

3100-4000 Max PSI*
10-15 Max LPM*

What PSI level do you need?

Pick your usage below to determine which PSI level is needed.

	BEST 1700-2000 PSI	BETTER 2100-3000 PSI	NOT RECOMMENDED 3100-4000 PSI
Oil Stains	Best	Better	Not Recommended
Paint Prep	Best	Better	Not Recommended
Second Story	Best	Better	Not Recommended

Area Cleaned in 10 Minutes	Up to 6.5m ²	Up to 11m ²	Up to 14m ²

*Pressure washers are rated in accordance to the Pressure Washer Manufacturer Association (PWMA) standard PW 101-2010. (Testing and Rating Performance of Pressure Washers).

2019 Pressure Washers

Home Series Petrol & Electric Pressure Washers

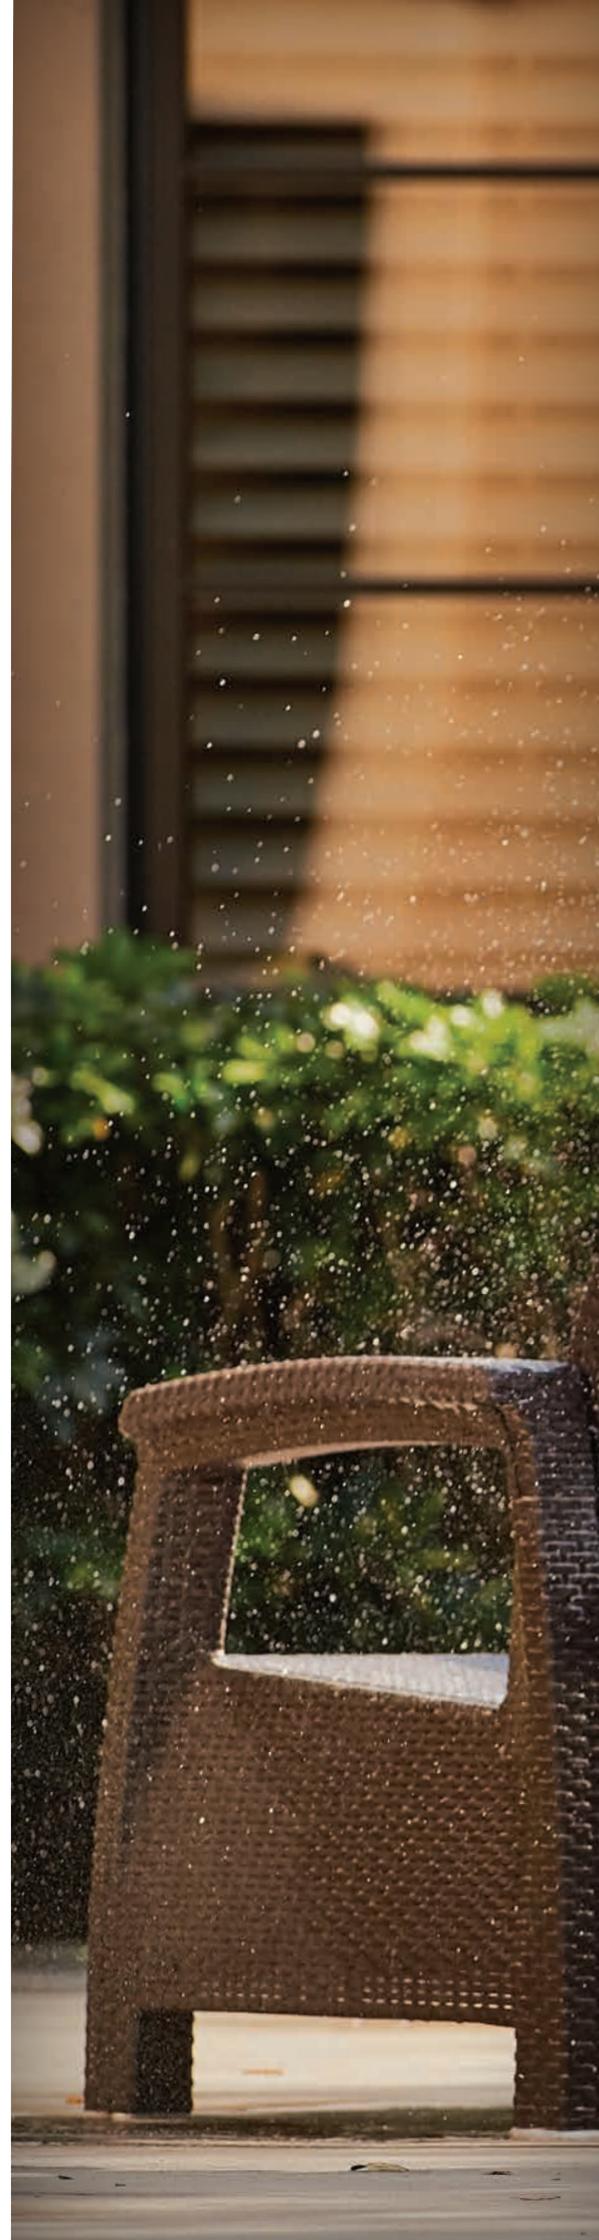

You like to keep your home and its surroundings clean, but that garden hose just won't do the trick. Turn cleaning power up a notch with our Home Series of pressure washers, the perfect tools to clean walkways, decks, fences, patios and outdoor furniture with ease. Wash cars, trucks and boats too.

Electric pressure washers

Simplify home cleaning projects with compact, easy-to-manoeuvre designs that don't require oil or petrol.

Petrol pressure washers

Clean hard-to-reach exteriors and take on tough cleaning tasks using exclusive Briggs & Stratton® features.

Smart, convenient features designed around you.

Model Shown: BWD023B

Home Series

Electric & Petrol Pressure Washers

1880 Max PSI*
6.6 Max LPM*

BWS018

- 2 interchangeable nozzles
- Turbo nozzle cleans up to 40% faster than standard spray tip
- Compact and lightweight
- Detergent injection system

2030 Max PSI*
7.5 Max LPM*

BWS020

- 2 interchangeable nozzles
- Turbo nozzle cleans up to 40% faster than standard spray tip
- Compact and lightweight
- Detergent injection system

2030 Max PSI*
7 Max LPM*

BWD020S

- 3 Quick-Connect Nozzles
- Turbo nozzle cleans up to 40% faster than standard spray tip
- Dedicated hoses for high pressure and steam cleaning functions
- Convenient, on-board detergent tank

2200 Max PSI*
7.2 Max LPM*

020635

- Briggs & Stratton 550E Series™ 140 cc 4-stroke OHV engine
- 3 Quick-Connect Nozzles
- 7.6 m (25ft) pressure hose
- Detergent Injection system

2320 Max PSI*
8.5 Max LPM*

BWD023B

- 3 Quick-Connect Nozzles
- Turbo nozzle cleans up to 40% faster than standard spray tip
- Convenient, on-board detergent tank
- Includes Surface Cleaner

Surface Cleaner

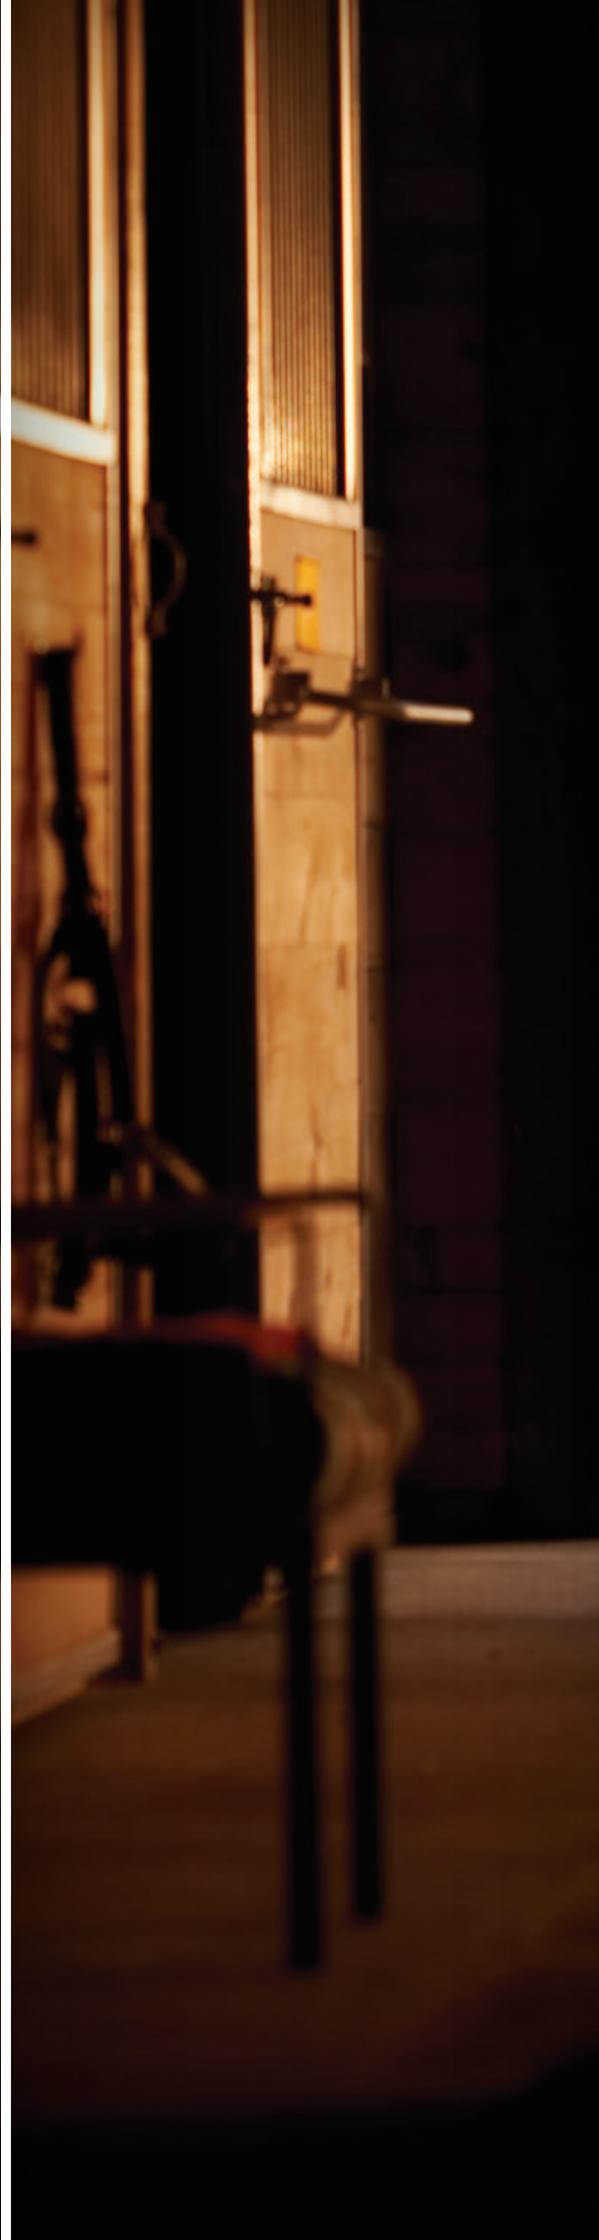

Ideal for driveways, decks and other large surface areas
Model #BWD023B only

*Pressure washers are rated in accordance to AS/NZS 60335 2-79. (Testing and Rating Performance of Pressure Washers).

2019 Pressure Washers

Sprint Series[™] Electric & Petrol Pressure Washers

Get ready to get tougher on dirt around the home or on the farm. Take care of cleaning challenges from garage floors and driveways to trucks and animal enclosures – with these durable, capable and tireless performers. Wipe out stubborn stains and grime in a fraction of the time.

Get tough.

The power to clean more.

Compact, durable steel frame

The small, sturdy footprint combined with a fold-down handle makes for easy storage.

7-in-1 Spray Nozzle

Saves time and puts you in control

Convenient on-board storage bracket for hose and gun

Sprint Series™ Pressure Washers

2300 Max PSI*
5.3 Max LPM*

020708

- Electric Motor with Instant Start System
- Turbo nozzle cleans up to 40% faster than standard spray tip
- 2 Quick-Connect Spray Tips
- Durable steel frame

2500 Max PSI*
12.1 Max LPM*

020710

- Brushless Induction Motor with Instant Start System
- Modes for high pressure deep cleaning or high flow for extended reach
- 7-in-1 nozzle
- Convenient on-board detergent tank
- Fold-down handle for easy storage

POWERflow+
TECHNOLOGY™

2800 Max PSI*
8.6 Max LPM*

020752

- Briggs & Stratton RS750 Series™ 163 cc 4-stroke OHV engine
- 9.1 m (30ft) Pressure Hose
- Robust welded steel 'utility' frame
- Alloy pump
- 4 Quick-Connect Spray Tips
- Detergent Injection System

3200 Max PSI*
10.2 Max LPM*

020753

- Briggs & Stratton RS950 Series™ 208 cc 4-stroke OHV engine
- Robust welded steel 'utility' frame
- Brass pump
- 4 Quick-Connect Spray Tips
- Detergent Injection System

*Electric Pressure washers are rated in accordance to AS/NZS 60335 2-79. (Testing and Rating Performance of Pressure Washers). Petrol pressure washers are rated in accordance to the Pressure Washer Manufacturer Association (PWMA) standard PW 101-2010. (Testing and Rating Performance of Pressure Washers).

2019 Pressure Washers

Pro Series™ Pressure Washer

Contractor-specific features and superior construction make this pressure washer tough enough to take on the rigorous demands of any job site. The commercial-grade Vanguard™ engine and heavy-duty components are built to perform at high levels day in and day out.

**All day.
Every day.
Just like you.**

2019 Pressure Washers

Power to get the job done.

Welded Frame

More durable and resists rust and corrosion

Braided Steel Hose

Commercial-duty triplex brass pump

Ultimate pump for high-pressure output and long-lasting durability

Pro Series™ Pressure Washer

3600 Max PSI*
9.5 Max LPM*

020675

- Vanguard™ 6.5 Gross HP** Engine, 205cc
- TransportGuard® fuel shut-off system
- Welded frame with steel brushguard
- Braided steel hose
- 13" Pneumatic wheels
- Annovi Reverberi™ triplex brass pump
- 5 Quick-connect spray tips

Vanguard® Engines

Powerful. Versatile. Durable.

Vanguard® engines deliver the precise amount of power and performance needed to match your demands.

Built tough

Premium components and innovative systems enhance durability, even in the most demanding conditions

Runs Clean

Features high-capacity air cleaner and large sediment filter to keep debris out of the engine

Easy on you

Improved tonal quality and lowered noise levels allow the operator to work at safe levels longer

* Pressure washers are rated in accordance to the Pressure Washer Manufacturer Association (PWMA) standard PW 101-2010. (Testing and Rating Performance of Pressure Washers).

** All power levels are stated gross horsepower at 3600rpm per SAE J1940

Clean faster, better, and easier.

Pressure washer
parts and accessories

Performance Accessories

Surface cleaners

6328 (14" surface cleaner)

- Up to 3200 PSI
- For petrol pressure washers

6338 (16" with detergent tank)

- Up to 3200 PSI
- For petrol pressure washers

30' EasyFlex™ hoses

6363 (1/4" diameter)

- Up to 3200 PSI
- Flexible design for easy setup, storage and use

6364 (3/8" diameter)

- Up to 3200 PSI
- Flexible design for easy setup, storage and use
- POWERflow+ compatible

Nozzles

6195 (Quick-connect turbo nozzle)

- Up to 3000 PSI

6196 (Quick-connect turbo nozzle)

- Up to 4000 PSI
- Propels a powerful pinpoint jet of water in a circular motion for intense cleaning.
- Cleans up to 40% faster than standard spray nozzles

6177 (Second story nozzle kit)

- Up to 15 LPM
- Clean hard-to-reach areas without a ladder

6197 (5-in-1 spray nozzle)

- Up to 3200 PSI
- Five spray patterns in one convenient quick-connect nozzle

High-pressure hose quick-connect kit

6191

- Up to 4000 PSI
- Provides quick-connect fittings for easy pump to-hose or hose-to-gun connections

Garden hose quick-connect kit

6190

- Provides quick-connect fittings for easy pump-to-hose and connections, includes heavy-duty brass fittings to resist wear and corrosion

Spray wands

6202 (Adjustable)

- Up to 3200 PSI
- Simply twist for a full range of spray patterns from pinpoint to wide fan (0-40 degrees)

6206 (9' Extension Wand)

- Up to 3000 PSI
- For gas pressure washers

Premium soft grip spray gun

6201

- Up to 3800 PSI
- Heavy-duty steel and brass components for durability

Dual action brush

6208

- Up to 3000 PSI
- Water pressure moves rotating and alternating sliding brushes

Water broom

6213

- Up to 3700 PSI
- Features three spray jets and wheel design that allows you to clean a 14" path more comfortably and efficiently

2019 Pressure Washers

More ways to make cleaning easier.

Maintenance Accessories & Kits

O-ring replacement kit

6198

- Replaces worn or damaged o-rings for pressure washer guns, hoses and wands
- Includes garden hose filter

Pump oil

6033 444ml

- Premium full synthetic oil for maximum pump life and performance
- Number one choice for leading pump manufacturers

Pump Saver™

6039 118ml

- Provides longer pump life, maintains seals and pistons and prevents harmful buildup of hard water mineral deposits in pump

Replacement Accessories

Replacement hoses

6189 (5/16" diameter)

- Up to 4000 PSI
- 7.5m long

6188 (1/4" diameter)

- Up to 3200 PSI
- 9.1m long

6192 (3/8" diameter)

- Up to 4000 PSI
- 15.2m long

Quick-connect spray tips

6193

- Up to 4000 PSI
- Four high-pressure predefined spray patterns (0, 15, 25 and 40 degrees) for precise cleaning and one low-pressure spray tip replacement

Quick-connect spray wands

6205 (6.1m)

- Up to 3200 PSI

6204 (9.1m)

- Up to 4000 PSI
- Quick-connect fitting for easy connection to spray tips and other accessories

Detergents & Cleaners

Car wash concentrate

HA27331A (1L)

- Break down dirt, grime and grease from cars, trucks, boats, RVs and more

Multi-purpose cleaner concentrate

HA27332A (1L)

- Remove mould and mildew stains, dirt and grime from patios and more

Wood surface cleaner concentrate

HA27331A (1L)

- Restore wood decks, fences, siding and more

Heavy-duty degreaser concentrate

HA27333A (1L)

- Remove petrol, oil and grease stains from garage floors, driveways and more
