Straight & simple

The Platinum Horizon straight stairlift is designed for ease-of-use and fast, hassle-free installation.

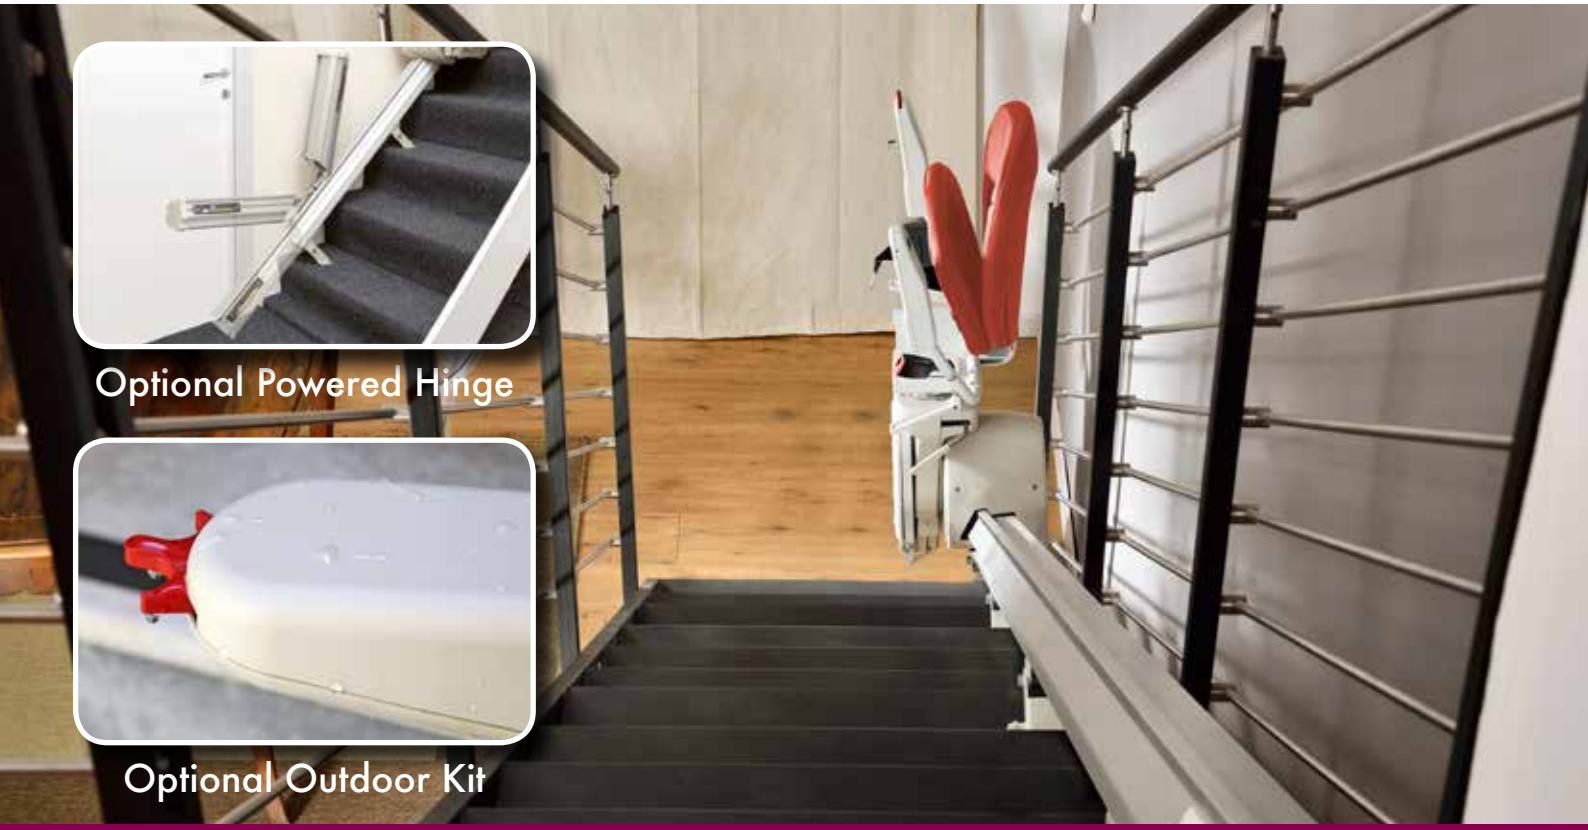

A Horizon stairlift makes difficult stairs accessible again and grants you the freedom of your house once more.

The compact design and floor-mounted straight rail ensure the Horizon takes up as little space as possible and does not impact upon your home's decor.

With two different models to choose from, the Platinum Horizon is suitable for all, no matter your shape or size.

For straight staircases, there is no better option than the Platinum Horizon. Ask your local stairlift dealer for a demonstration today.

Optional Powered Hinge

Optional Outdoor Kit

HORIZON

Reduce a whole staircase down to five simple steps

1

Lower the arms and the seat pad, put the footplate down and your Horizon stairlift is ready to use. The digital diagnostic screen will display `Platinum' meaning you are ready to go.

2

Your Horizon chair will be fully adjusted to your size and shape at installation, so all you need to do is strap yourself in, sit back, relax and enjoy the ride!

3

To operate your Platinum Horizon stairlift, simply use the ergonomic joystick in the arm and lightly press in the direction you wish to travel.

4

At the top of the stairs, use the side-mounted swivel lever (or optional powered swivel), to turn the chair and safely step out onto the landing.

5

When not in use, your Horizon stairlift can be folded and parked on the stairs, leaving clear access for other family members.

HORIZONSTANDARD

The Horizon Standard seat delivers all the essential comfort and safety features you need, in a neat, slimline package. With a compact profile which sits close to the wall, the Horizon Standard seat comes in neutral colours to blend seamlessly into your home.

Joystick
Total control at your fingertips.
