Feedback:

This little note cannot express in words how much we appreciate all the staff at the Sapphire Nursing and Rehab facility. They are truly an inspirational team of professionals. We cannot thank them enough for the encouragement and excellent care they gave my father. He received the best care imaginable and it went far and above the medical care he needed. A special thank you goes to Delia, Nurse Hoo, Dorothy, Karen, & Hemali. Every single one of them have made a lasting impression and we are forever grateful to have met all of them. Thank you from the bottom our our heart.
