

Breach of Contract

He -- the boy who has
Yet To become a man
A living breach of contract
Breaching them
For as long
As one can remember

He will die
As he was born
A brilliant but frightened
And irredeemable scalawag
Who has never realized
Right from wrong

The fellow will perish
As he lived
Abandoned by those
Who once loved and
Believed in him

His dying will result
In the biggest joint
Breach of contract ever
When no one
Once significant
In his life
Will be there
To comfort him

A calculating man
Of endless contradictions
Whom all once trusted
A breach of contract
In and of itself
Perishes alone and unloved
