# Israel - The Holy Land: A blessed land under Divine Providence

*”A land the Lord, your God, looks after; the eyes of Lord your God are always upon it, from the beginning of the year to the end of the year.”* (Deuteronomy 11:12)

God watches over the Holy Land of Israel with Divine Providence continually - every minute of every day of the year.

All quotations from the Holy Bible presented in this presentation are taken from the website:

# The Holy Land of Israel is full of all types of natural resources

*”For the Lord your God is bringing you to a good land, a land with brooks of water, fountains and depths, that emerge in valleys and mountains, land of wheat and barley, vines and figs and pomegranates, a land of oil producing olives and honey, a land in which you will eat bread without scarcity, you will lack nothing in it, a land whose stones are iron, and out of whose mountains you will hew copper”* (Deuteronomy 8, 7)

## The land of the tribe of Zevulun extends from the Mediterranean Sea to the Sea of Galilee

***” Zevulun will dwell on the coast of the seas; he [will be] at the harbor of the ships, and his boundary will be at Zidon ”*** (Genesis 49, 12)

The boundaries of the tribe of Zevulun touched - in the blessing of Jacob our father - both from the Mediterranean Sea from the west and to the Sea of Galilee from the east. Their territory even controlled Haifa Bay and this is why the tribe excelled in trade with foreign residents who came to the Holy Land to trade in it and were captivated by its holiness .

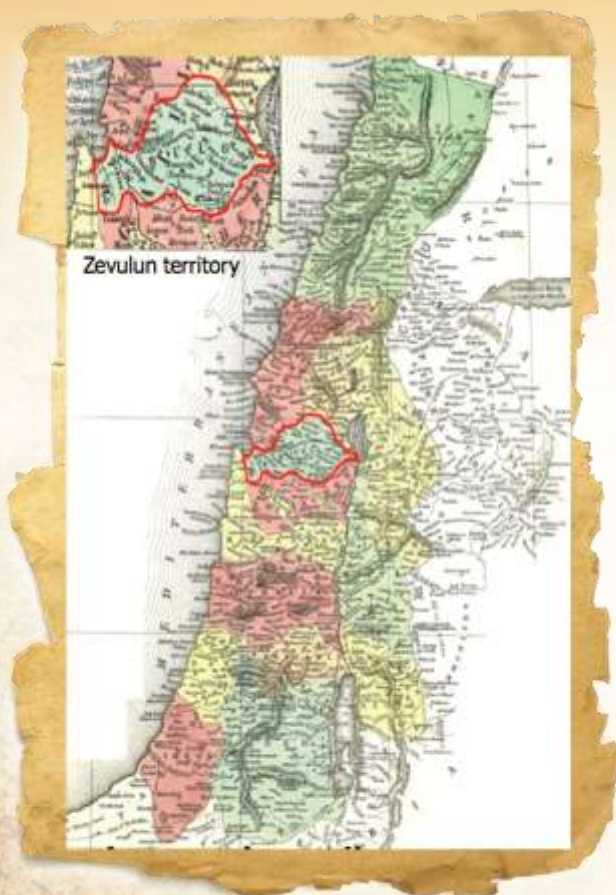

Zevulun tribe

## Moshe Rabbeinu (Moses): Zevulun's territory is full of precious stones

The "twelve tribes" map

*”And to Zevulun he said: Rejoice, Zevulun, in your departure, and Issachar, in your tents. They will call peoples to the mountain; there, they will offer up righteous sacrifices. For they will be nourished by the abundance of the seas, and by the treasures hidden in the sand. ”* (Deuteronomy 33:18-19)

Zevulun's biblical portion, between the Sea of Galilee and the Mediterranean, is known as the Zevulun Valley, at the foot of Mount Carmel near the sea port city of Haifa - known as the gateway to the Holy Land.. According to the sages the treasures referred to are of precious stones and gems (Talmud).

## The Lubavitcher Rebbe: In the valley near Haifa there are precious stones and gems

1988: The Mayor of Haifa, Mr. Aryeh Gural visited the foremost Jewish leader of our generation, the Chassidic master, prophetic visionary and luminary, the Lubavitcher Rebbe - Rabbi Menachem Schneerson.

The Rebbe said:

***”... In Haifa, there is a sea.***

***One shouldn't become intimidated by something that is deep. The uniqueness of Haifa is that it has a sea, and it has a valley - and in the valley are precious stones and gems. The Holy One, Blessed Be He, did a wondrous thing; he concealed them in the depths of the earth, and in any case, in the depth of the ploughed field... ”***

## Bringing The Prophecies Into Reality

Inspired by the Biblical prophecies and spurred on by the Rebbe's prophetic statements, a group of his followers - devout Torah observant Jews, also with experience in the precious stone and diamond industry - passionately took this project on. And thus, Shefa Gems, the first and only Israeli multi-commodity gemstone explorer, was created in the tribe of Zevulun's biblical territory.

On December 18, 2017, the Shefa Gems Company listed its shares on the London Stock Exchange (main market). Now, anyone how believes in the Holy Bible can buy the company's shares and become a partner in this unique discovery in the Holy Land.

## Job: The Land of Israel is full of sapphires

*”A land from which bread emerged, and its place was as though turned into fire. Its stones [were] a place of sapphire, and it had gold dust ”*  
(Job 28:5)

The soil of the Holy Land has an abundance of gemstones both above and below ground, and Sapphires have been singled out.

# The Holy Bible glorifies the uniqueness of the Sapphire

*"And they perceived the G-D of Israel, and beneath his feet was like the forming of a Sapphire brick and like the appearance of the heavens for clarity"*  
(Exodus 24:10)

*"And I saw, and behold on the expanse that was over the heads of the cherubim, [a thing] like a sapphire stone; like the appearance of a throne appeared upon them"*  
(Ezekiel 10:1)

*"His hands are [like] wheels of gold, set with chrysolite; his abdomen is [as] a block of ivory, overlaid with sapphires"*  
(King Solomon's metaphorical description of G-D in Song Of Songs 5:14)

*"You shall make a skylight for the ark" (Genesis 6, 16): a precious stone (sapphire), which gave them light.*  
[Gen. Rabbah 31:11]

*"In Eden, the garden of God you were; every precious stone was [set in] your covering; ruby, topaz, diamond, chrysolite, onyx, and jasper, sapphire, carbuncle, and crystal and gold; the work of your drums and your orifices is in you; on the day of your creation they were established"*  
(Ezekiel 28:13)

## The Prophet Isaiah: Jerusalem will be paved with precious stones

*”O poor tempestuous one, who was not consoled, behold I will set your stones with carbuncle, and I will lay your foundations with sapphires. And I will make your windows of jasper and your gates of carbuncle stones, and all your border of precious stoness. ”* (Isaiah 54:11)

Many Biblical promises and prophecies have already been fulfilled. So too, huge quantities and varieties of precious stones will be discovered in the Holy Land, and some of this will be used to build the Third Temple in the coming Messianic redemption.

When the Lubavitcher Rebbe was asked for advice on whether or not to invest in Israel, his answer was amazing in its clarity and intensity:

*”My advice is that Israel is one of the surest places in the world, and this means that everyone who invests his money in Israel – that is the surest bank that exists in our time ”*

(Aug 4, 1991)
