

Doctor urges seniors to carry medical alert device

Seniors snap up new medical alert device that comes with no monthly bills

People don't always do what their doctor says, but when renowned emergency room physician, Dr. Philip B. Howren says every senior should have a medical alert device, you better listen up.

"Seniors are just one fall away from being put in a nursing home," Dr. Howren said. With a medical alert device, seniors are never alone. So it keeps them living independently in their own home. That's why seniors and their family members are snapping up a sleek new medical alert device that comes with no monthly bills ever," he said.

Many seniors refuse to wear old style help buttons because they make them look old. But even worse, those

medical alert systems come with monthly bills.

To solve these problems Universal Physicians, a U.S. company went to work to develop a new, modern, state-of-the-art medical alert device. It's called "FastHelp™" and it instantly connects you to free unlimited nationwide help with no contracts, no deposits and no monthly bills ever.

"This slick new little device is designed to look like the pagers doctors wear every day. Seniors love them, because it actually makes them look important, not old," Dr. Howren said.

FastHelp is expected to hit store shelves later this year. But special newspaper promotional giveaways are slated for seniors in select areas. ■

■ **NO MONTHLY BILLS:** "My wife had an old style help button that came with hefty bills every month and she was embarrassed to wear it because it made her look old," said Frank McDonald, Canton, Ohio. Now, we both have FastHelp™, the sleek new medical alert device that our grandkids say makes us look 'cool' not old," he said. With FastHelp, seniors never have to worry about being alone and the best part is there are no monthly bills ever.

cellular embedded technology. That means it works at home or anywhere, anytime cell service is available whether you're out watering the garden, driving in a car, at church or even hundreds of miles away on a tour or at a casino. You are never alone. With just a single push of the One-Touch E Button you get instantly connected to free unlimited help nationwide with no monthly bills ever," said Jack Lawrence, Executive Director of Product Development for U.S. based Universal Physicians.

"We've never seen anything like it. Consumers absolutely love the sleek new modern design and most of all, the instant rebate that practically pays for it and no monthly bills ever," Lawrence said.

FastHelp is the sleek new medical alert device with the rarest of combinations: a quality, high-tech engineered device that's also an extremely great value because there are no monthly bills ever.

Better still, it comes with no contracts, no deposits and no monthly bills ever – which makes FastHelp a great choice for seniors, students and professionals because it connects to the vast available nationwide network of cellular towers for free.

And here's the best part. All those who already have an old style monitored medical alert button can immediately eliminate those monthly bills, which is why Universal Physicians is widely advertising this announcement nationwide.

"So if you've ever felt a medical alert device was too complicated or expensive, you'll want to get FastHelp, the sleek new medical alert device with no monthly bills," said Lawrence.

The medical alert device slugfest was dominated by two main combatants who both offer old style monitored help buttons that require professional installation of

a home telephone land line, expensive base station equipment and a hefty bill every month. But now Universal Physicians, the U.S. based heavyweight, just delivered a knockout blow sending the top rated contenders to the mat with the unveiling of FastHelp. It's the sleek new cellular embedded medical alert device that cuts out the middleman by instantly connecting you directly to highly trained 911 operators all across the U.S. There's abso-

lutely nothing to hook-up or install. You don't need a land line and you don't need a cell phone. Everything is done for you.

"FastHelp is the World's first-ever medical alert device that makes you look important, not old. Old style monitored help buttons you wear around your neck are the equivalent of a horse and buggy," Lawrence says. "It's just outdated."
