

Open HIP Locations: Hampden County

Pioneer Valley, July 2020

What is HIP?

The Healthy Incentives Program (HIP) is a Massachusetts state program where SNAP recipients get at least \$40 of extra SNAP money every month to spend on local fruits and vegetables. That means if you have SNAP, you automatically have HIP! Shop at these farm locations with your SNAP/EBT card, and get at least \$40 extra to spend through the HIP program. Note: you must have at least \$1 on your SNAP/EBT card when you go and shop; you need to have a balance on your EBT card in order to earn the HIP incentive.

Information about open locations can change from month to month. For up-to-date information on locations, as well as other locations in the rest of the Pioneer Valley, see

www.facebook.com/HIP.PioneerValley or contact Zoey at zoey@buylocalfood.org.
