You shall provide a copy of design print with application to the Building Inspector and copy of engineer's certification letter to the Building Inspector after installation is complete.

**ADDITIONAL REQUIREMENTS FOR:
Upgrading or Replacing existing Appliance, Covering, or System**
Porch, electrical, plumbing, roof, siding, heating system, water heater, etc.

Identify Existing: _____

Identify New: _____

Please provide Manufacturer's Installation Manual at time of final inspection so Building Inspector can check for proper installation, clearances to combustibles, piping requirements, etc.

ADDITIONAL REQUIREMENTS FOR ALL OTHER USES:

Change of use of Structure:

Current use: _____

Proposed Use: _____

Sprinkler or Alarm System:

You must provide a copy of Manufacturer Documentation to Building Inspector along with lay-out of system. Installers **MUST BE** Licensed to perform installation in New York State!

Solid-Fuel Burning Device:

Wood // Pellet // Coal // Corn // Outdoor unit, etc.:

Include copy of venting requirements and unit specifications with application

**If you will be doing ANY excavating or digging for your project –
CALL 1-800-962-7962 at least three days of advance of beginning work.
Penalties up to \$7,500 PLUS cost of repairing underground lines if you do not!!**

REQUIRED INSPECTIONS

If your project has any of the following elements, you **MUST** notify the Building Inspector at least 48 hours in advance of any inspection and Permit Holder shall notify Building Inspector when work is ready for inspection. **Work shall remain accessible and exposed until inspected and accepted by Building Inspector!**

Footers; Foundation; Preparation for Concrete Slab; Structural Elements; Framing; Insulation and Compliance with Energy Code; Electrical; Plumbing; Septic; Heating, Ventilation, Air-Conditioning System; Fire Resistant Construction; Fire Resistant Penetrations; Solid Fuel Burning Heating Appliances, Chimneys, Flues, or Gas Vents; and Final Inspection after all work authorized by the Building Permit is complete.

Use of the building, item, or project is **NOT PERMITTED** until after the Final Inspection and Building Inspector has approved work and has issued a Certificate indicating Compliance with NYS Uniform Code.

CHECKLIST

Documents to be included:

Completed Application, Permit Fee, Engineered Plans (if applicable) or Drawings, Contractor's Insurance Documents, Contractor's Job Quote (if available), Manufacturer's Specifications (if applicable), Survey or Plot Plan, Manufactured Home Installer's Certification (if applicable), Asbestos Survey (if applicable), Energy Code Compliance Documentation (if applicable)

Permits required for:

New Construction & Additions, Demolition, Manufactured Home Placement, Shed & Out Buildings, Pools & Hot Tubs, Fences, Roofing & Siding Replacement, Structural Renovations – including Interior Renovations, Decks, Gazebos, Signs, Solid Fuel Burning Appliances, Heating Systems, Sprinklers and Fire/Smoke Alarms, Change of Use of Structure, Septic System

Work must begin within six months and a permit is good for **ONE YEAR**. If your project is not completed within that time, you will need to apply for an extension of time – maximum of two extensions will be allowed.

NOTE: Plans, application and all supporting documents that you submit to the Building Inspector are considered to be public information. Portions of the information will only be classified as non-public if you provide specific reasons that would lead the Building Inspector to conclude that they are Trade Secrets.

The owner **MUST FILE** any new construction with County of Steuben 911 Department at 607-664-2991.

SEE ATTACHED FEE SCHEDULE

I hereby acknowledge that:

I am the owner of the above described property or structure; this information is complete and accurate; that all work will be in conformance with the local laws, ordinances and codes of the Town of Dansville; that all work will be in conformance with the Energy Code of New York State; that all work will be in conformance with the Uniform Code of New York State; I understand this is an application and not the actual permit and work is not to commence without first obtaining such permit; I give Legal Consent to the Building Inspector to perform all required inspections during normal business hours; that no work will be enclosed or concealed unless Building Inspector gives authorization to do so; that I will not use the property or structure illegally or for purposes other than those listed on this application, offering a false instrument for filing in the first degree is a class E felony.
