WHAT YOU NEED BEFORE MEETING WITH YOUR FUNERAL DIRECTOR

When you call us to make arrangements, a lot of people ask "What do I need to bring?" We usually tell them just a photo. The reason we do this, it is a very difficult time. Most people are so upset and have so much to do at this point, that telling a family over the phone what we need, only overwhelms them more.

I decided to put this in a download format, so that you can see what is needed. I have had a lot of people asking these questions and I would like to offer this so it can help you, should you ever need it. Most funeral homes across Canada will need this information.

Our company has been leading our industry here in Newfoundland and Labrador in Technology, so that we can help family and friends who have moved away, stay connected during this difficult time. People have a lot of questions, and I hope through the education on our website that we will have answered them.

You may think that we are asking a lot of personal information, and you're right, we do. Most of the information we ask is required by the Canadian Government, departments such as Vital Statistics, CPP, Advanced Education, and Canada Revenue Agency. Social Insurance numbers, MCP numbers, birth certificates and marriage certificates are the utmost importance.

The reason we require it, has to do with the Technology that we have here. We are able to fill in all your Government Forms, and print them for you, right here on site. All you will have to do is check them and sign them. We used to hand these forms to our families, but it just gets so overwhelming with all the paper work, especially during this difficult time, that you don't have time to grieve with the rest of the family. You are bogged down in decisions and paperwork. We have made it easy for you, and for anyone else in the family, either here or anywhere in the world to help with all this. So you never have to do this by yourself, you just need to have the information handy. That is the purpose of this download. To help you understand what you need, and where to find it at a moment's notice. If you have any more questions please do not hesitate to contact us at the above numbers and email. We will gladly help in any way we can.

Other information we could use, would be any Military Service, hobbies, favorite flowers, favorite places. Photos, enjoying life, family, and friends is a wonderful way of showing all aspects of their life. All this helps with writing an obituary, to having candles and DVD's done and personalized to your loved ones life and personality. Our funeral homes encourage you to personalize our places to suit you and your family. Never wonder if you can ask for a special request, or to bring items, big or small to the visitation or our chapel service. This time is about you and your family, and what you need, and we are here to help in any way we can, and to make this difficult time more about you and family, taking the time you need to grieve, and not spent looking for information and burdened with all the decisions. Using this form will alleviate a huge portion required at the time of need.
