

Concrete soap bar blocks 10.4N/mm² to BSEN 771-3 — also known as dollies

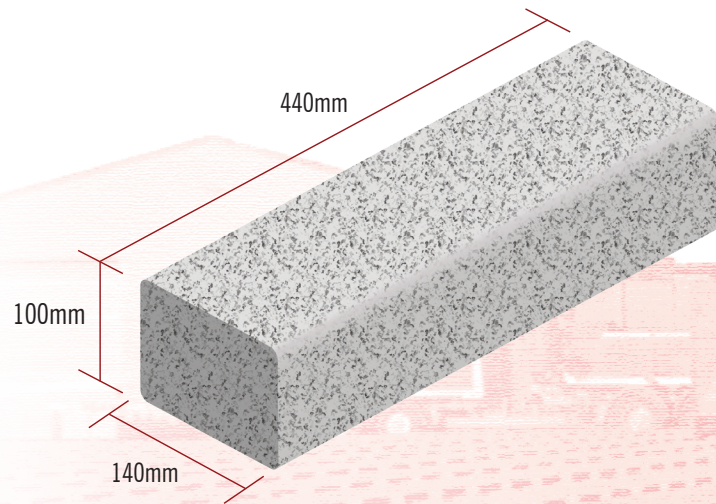

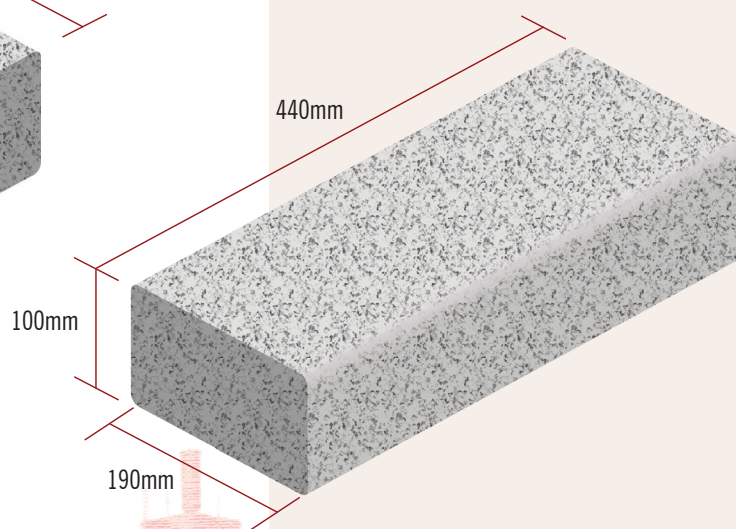

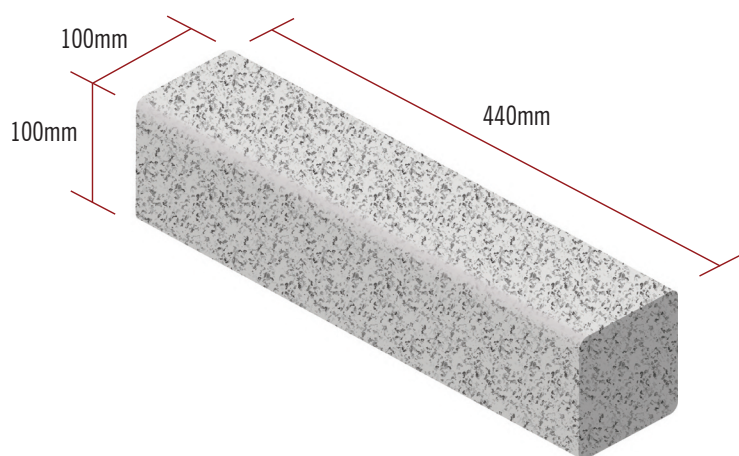

1.12

To complement our range of dense concrete blocks, we have introduced soap bar blocks to assist with course height adjustments.

When laid 100mm wide these blocks give a weighted sound insulation (Rw) of 45dB*, 47dB* when laid 140mm wide and 49dB* when laid 190mm wide.

* Calculated using mass law curve BS8233 (with two skins of dense plaster each 25kg/m²).

Soap bar blocks 10.4N/mm ² (oven-dry density approx. 2050kg/m ³)					
Size mm nominal (L x W x H)	no. per m ²	approx weight kg	no. per tonne	multiples of	no. per pack
440×100×100	20	9	115	88	176
440×140×100	20	12	82	66	132
440×100×140	15	12	82	66	132
440×190×100	20	17.5	57	48	96
440×100×190	11	17.5	57	48	96
