5 Steps to Peace

Peace will be attained when we, as human beings...

P ermit ourselves to acknowledge that some of our old beliefs about God and about Life are no longer working.

E xplore the possibility that there is something we do not understand about God and about Life, the understanding of which could change everything.

A nnounce that we are willing for new understandings of God and Life to now be brought forth, understandings that could produce a new way of life on this planet.

C ourageously examine these new understandings and, if they align with our personal inner truth and knowing, enlarge our belief system to include them.

E xpress our lives as a demonstration of our highest beliefs, rather than as a denial of them.
