

IN THE ZONE

NORTH AL FCA

FCA has been going strong during the Fall Semester. We've started two Campus Huddles, three Team Huddles, and

Calhoun Community College started their Campus Huddle again. It's meeting weekly and most of the athletes, and several students are attending. We have good leaders who want to see Christ impact their teams.

Haleyville High School has relaunched their Huddle and it's moving in the right direction. We have been meeting with the student leaders to encourage, empower, and equip them to be bold for Jesus on their campus.

the hope of Jesus Christ in our area schools and to our teams.
In Him,
David

ATHENS-LIMESTONE FCA MINISTRY

Hey everyone!

My name is Mallory Sandlin, I am so honored to be serving on North Alabama's Team as the Area Rep. for Athens City and Limestone County.

I'm originally from Birmingham, where I served on the FCA staff for almost 7 years. The works of the vision and mission of FCA has always been a passion of mine and I look forward to getting in the field to meet the ones that make this ministry possible. Thank you to all of you!

One of my highlights this fall was our first Night of Champions hosted in Athens. Former NFL player, Devin Wyman, shared his testimony to students from all over our area.

We are excited about this event being a yearly opportunity for coaches and students to attend to hear the Gospel message.

I look forward to meeting each of you and seeing how Jesus uses this ministry to impact the community of Athens and Limestone County.

I'm grateful God has allowed me to be a part in this great mission!

Serving Him,
Mallory

Team Huddles are by far my favorite. I'm able to be at practice, interact with teams, and build better relationships. They also allow us to reach students with the Gospel who do not attend a Campus Huddle.

The other day after sharing with a team, I had a player talk with me about one of his friends. Come to find out, the friend says he is an atheist. Please pray for both of these students. Unfortunately, this is true on many of our campuses.

Thank you for partnering with us through prayer and financially so we can speak the Truth and share
