## A Message From The Board of Governors

The holiday season at BCCC has many activities for young and old. Your Board of Governors (BOG) encourages all of you to participate and enjoy these activities. Also, please bring your friends to experience the Country Club lifestyle that we enjoy.

What a year 2017 has been for BCCC and your BOG, with the hiring of our General Manager, Chef, Accounting Staff, Maintenance Supervisor and Tennis Professional. We have a good solid management foundation and the Club should see numerous improvements throughout 2018.

My term as BOG Chairman ends on 31 December. I will continue to serve as a Board Member during 2018. It has been a pleasure to serve as your BOG Chairman this year and the Board will continue to make recommendations to Management to make "A Great Club Even Better".

In January, we have the annual change in elected BOG Members. A special "THANKS" to outgoing Members- Katy Quinn, Lyn White and Mike Swayze for their active participation on the BOG since 2015. Congratulations to our newly elected BOG Members Fredella Prather, Vito Carbone and Ron Jiede, who will join the other Board Members at the January meeting to elect a new chairperson. Additionally, I would like to thank all the Club Members who participated in the recent BOG election process. The BOG should reflect your thoughts and desires, so please communicate with your Board Members.

Your Board of Governors, wish you and your family a blessed Holiday Season and a great 2018!

Mike Schafer, Board of Governors - Chairman

# AND...

## Give The Gift of Movement

Change the way your loved ones move this Christmas season.

### Lets Change...

- The aches and pains through improper movements.
- The chronic back pain.
- The stiff joints.
- The recurring injuries.
- The low energy levels.
- The instability.
- The negativity.

And the improper daily movements that are causing the accumulated issues.

Learn to move more efficient and understand the biomechanics of your own body. Learn how to properly Squat-Hinge-Lunge-Rotate-Press-Pull, just as you do DAILY IN LIFE. Stop living with an insufficient body. Change the way you move, which will change the way you serve in your job, serve your family, and serve others around you.
