BAGS OF LOVE
In our community, there are thousands of home-bound seniors that depend on local resources every day for food, transportation, and social interaction.

United Way of the Piedmont engages businesses and individuals every year in giving bags of love to homebound seniors for Valentine’s Day.

There are several ways for you to join us in Spartanburg and Cherokee Counties. This guide will provide you with more information about how you can participate in Bags of Love.

If you would like to participate in the in-person option, please contact us so we can provide you gift bags, generously sponsored by Duke Energy.
