

Rental COMPACT

EU 3 A Compliant Generators available now from stock.

SDMO UK has the largest availability of NRMM Stage 3a 2011 compliant generators in the UK, our warehouse in Cheshire provides immediate availability for 2011 compliant product from 20 to 200 kVA.

SDMO UK will no longer be providing stage 2 product for non –stationary markets in these ranges, it is a legal requirement that we and other manufactures abide by this legislation, SDMO are proud to have been supplying the European market with this product since February 2011.

In addition to compliance our Compact range is packed with features which we would like to discuss with you. Please call our office for a demonstration at our Middlewich Facility.

Further details on the legislation can be found on the Vehicle Certification Agency Website
