

Salome (Peace)

## The Salome Peace Meditation

Billy Meier, UFO Contactee received information about the Salome Peace Meditation in 1984 from beings called the Plejarens. They come from the part of space known as the Pleiades and have visited with Billy since he was 5 years old. Billy is now in his late 70's. The goal is to gather as many people as possible to participate in the Peace Meditation to produce an extremely powerful positive energy force on Earth. This is one of the more powerful meditations I've ever found for world peace. I always participate in this most important 20-minute global meditation twice monthly on the first and third weekends. The message in the meditation is "Peace (in wisdom) be on Earth and among all Creatures" and is spoken in an ancient Earth language called the old Lyrian Language (shown below.) Whenever the impulse-laden sentence is thought or spoken, it releases peace impulses that affect all the people of Earth. The impulses received by human beings effectively pulse the peace vibration through our bodies—even if only in a subconscious manner. For more information, click on one of the following link:

The following is the old Lyrian message:

Salome gam nan ben Urda gan njber asala Hesperona.

Phonetically, this would be pronounced as follows:

Saa lo me (aa = father) gum naan (aa = father) ben Uurda (uu = crew, moo)  
gun neeber asaala (aa= father) hesporona (o = tone, go)
