Chapter Sponsorship Program

The Information Systems Security Association (ISSA) ® is a not-for-profit, international organization of information security professionals and practitioners. It provides educational forums, publications and peer interaction opportunities that enhance the knowledge, skill and professional growth of its members. With nearly forty active members and over two hundred affiliates on our mailing list, the New Hampshire Chapter is comprised of security professionals in a variety of impactful and decision-making capacities at leading organizations around New Hampshire and the greater Boston area.

In an ongoing effort to improve the quality of meetings and events, and to return the greatest value to our members, the Chapter invites Corporate sponsorships.   In exchange for monetary gifts, the Chapter will provide a variety of services and promotional opportunities, according to guidelines listed below.

This year we are pleased to announce two options for Chapter sponsorship. As in the past, we have our annual **Premier Sponsors**, who gain recognition on our website and at all meetings, and are given the opportunity to present directly to our membership at a Chapter meeting. With the addition of more social meetings throughout our annual calendar, we are offering the opportunity become **Social Meeting Sponsors**, at a lower cost point, by covering the cost of refreshments for a social meeting.

Exceptions or alterations to these guidelines may be made at the discretion of the Chapter President, or by a majority of the Chapter Board of Directors. For more information, please send sponsorship inquiries to info@issanh.org.
