

Sostenibilità

Ci impegniamo quotidianamente per contenere l'impatto ambientale delle nostre lavorazioni, riducendo al massimo gli sprechi ed investendo sempre più nel riutilizzo di materie prime riciclate. Cuoio rigenerato, cartoncini grezzi, carte contenenti scarti da lavorazioni agro-industriali sono solo alcune delle materie prime che caratterizzano le nostre collezioni realizzate esclusivamente con carta FSC.

Sustainability

We take any possible action to reduce the environmental impact of our productions. We commit everyday to waste reduction and re-use of wasted or recycled materials, thus contributing to reduce CO2 emissions. Regenerated leather derived from 100% recycled leather fibers, recycled natural cardboards containing up to 30% post-consumer recycled waste are just a few examples of the raw materials used for our covers, while all inner papers used are FSC certified.

Versatilità

Siamo sempre pronti a proporre soluzioni innovative per materiali, tecniche di stampa, personalizzazioni. Studiamo e realizziamo prodotti su misura. Per questo amiamo definirci dei "sarti": cuciamo il prodotto sulle esigenze di ciascun cliente.

Flexibility

We love calling ourselves "tailors" rather than manufacturers. We are specialized in tailor-made productions designed and produced according to every customer's needs. Our customer-oriented flexible approach will help you find the right solution in terms of materials, printing techniques and customization.

Artigianalità

Le nostre lavorazioni prevedono ancora molte fasi manuali, rendendo ogni prodotto unico in quanto "fatto a mano". L'unicità è un valore raro da preservare nell'era delle produzioni in serie. Rende il prodotto esclusivo, accrescendone il valore percepito.

Craftsmanship

Our production still relies on manual labor, which makes every product "unique" being handmade. Uniqueness and craftsmanship are important values becoming rarer and more valued in the mass production era we are living. Therefore we keep them jealously to offer exclusive products to our customers.

Qualità

Fornire prodotti di qualità, che durino nel tempo e che rispecchino le aspettative del cliente. Questo è un valore fondamentale che guida tutte le nostre produzioni.

High Quality

We aim at offering high quality, sustainable and durable products meeting each customer's expectations.

Eco-design made in Italy

Cuoio rigenerato

Protagonista delle collezioni Retime è il cuoio rigenerato. È un materiale di recupero ottenuto dal 100% di fibre di cuoio riciclato. Una materia prima estremamente flessibile, morbida, vellutata al tatto, disponibile in una vasta selezione di colori e grane.

Regenerated leather

Regenerated leather used in our Retime collections is an eco-friendly material derived from 100% recycled leather fibers. It is extremely flexible and soft, with a very nice feel, available in a wide choice of colours and textures.

Le carte che raccontano una storia

Carte e cartoncini ricavati da scarti di lavorazioni industriali: lavorazioni del caffè, mandorle, nocciole, olive, kiwi, mais, agrumi, lavanda, ciliegie, lana, cotone, cuoio e tanto altro. Le carte sono certificate FSC, prodotte con 100% energia verde e senza OGM.

Papers with a story to tell

Papers and cardboards containing post-consumer recycled waste: by-products from coffee, almonds, hazelnuts, olives, kiwi, corn, citrus fruit, lavender, cherry, wool, cotton leather and much more. Besides, the papers are FSC certified, produced with 100% green energy and are GMO free.

Cartoncini riciclati e creativi

Carte e cartoncini 100% riciclati, dalla superficie ruvida e porosa al tatto. Disponibili in una vasta scelta di colorazioni, certificati FSC.

Recycled and textured cardboards

Papers and cardboards 100% recycled and FSC certified, available in a choice of vibrant colours. Their rough and irregular surfaces evoke the recycling process they derive from.

Materiale di rivestimento

Tele, carte texturizzate e cuoio rigenerato possono essere utilizzati come rivestimento per le copertine di notes ed agende, conferendo al prodotto un aspetto molto naturale ed originale, rispettando l'ambiente e consentendo quindi l'ecosostenibilità.

Coating materials

Cloth, textured papers and regenerated leather can be used as coating materials for the covers of our notebooks and diaries, giving the product a natural and mostly original look and always meeting sustainable production requirements for an environmentally friendly product range.

Interni in carta certificata FSC e 100% riciclata

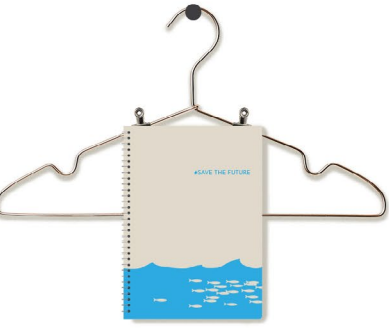

Tutti i nostri prodotti sono realizzati in carta certificata FSC proveniente da foreste gestite rispettando rigorosi standard ambientali, sociali ed economici.

Inner papers FSC certified and 100% recycled

All our notebooks and diaries are printed on FSC certified papers, that is papers that have been sourced in an environmentally-friendly, socially responsible and economically viable manner.

Modimò

Il Bullet Journal Modimò è un taccuino innovativo ed estremamente versatile per organizzare le attività quotidiane, per lavoro o per il tempo libero. La sua morbida copertina in cuoio rigenerato, ottenuta dal 100% di fibre di cuoio riciclato, contiene due journal interni che possono essere sostituiti agevolmente grazie alla pratica rilegatura con elastico nel dorso.

Bullet Journal Modimò is an innovative and extremely versatile notebook for everyday planning. Its soft and flexible refillable cover is made from regenerated leather derived from 100% recycled leather fibers. The cover contains 2 separate refillable journals that can be easily removed and replaced anytime needed, by simply slipping them under the elastic band holding them together.

TAKKUINO® Classic

Appendice della memoria, custode delle più geniali intuizioni, depositario di impressioni visive, olfattive, tattili.

Il taccuino ha da sempre accompagnato letterati, uomini di scienza, artisti e uomini comuni in genere, appagandone l'istintivo bisogno di cristallizzare la fluidità del pensiero attraverso la parola scritta.

Riscopriilo nelle pagine di questo catalogo.

Lasciati ispirare dai colori classici, dall'eleganza delle linee e personalizzalo per creare il tuo Takkuino.

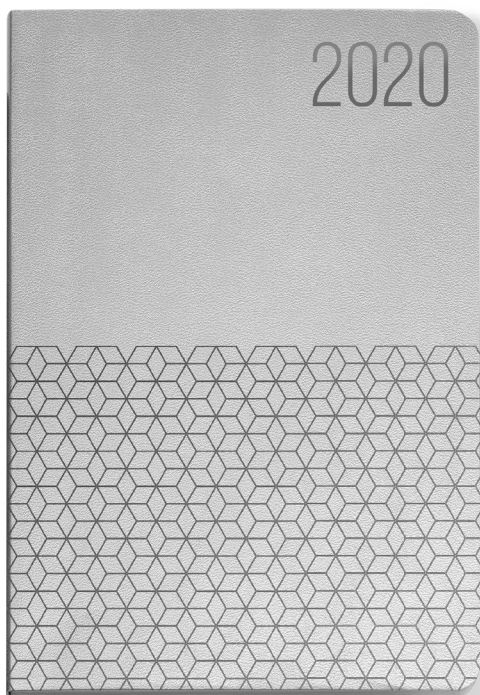

Men have always felt the need to write down ideas, using ink to fix their volubility on the blank page.

That's why notebooks have always been a valuable companion for writers, artists, scientists and common people, being an appendage of their memory, a keeper of their brilliant intuitions, a witness of their visual, olfactory or tactile impressions.

Takkuino collection proposes the classic colours and essential design of the hard cover case bound book, renewing its old shape and function.

RETIME

Retime

Rigenerare è infondere nuova linfa in un corpo altrimenti esausto. Rinnovare, ricostituendo le caratteristiche originarie. Ergo: rinnovare conservando.

Un concept che trova piena espressione nella gamma Retime, dove assoluto protagonista è il cuoio rigenerato, materia prima di grande pregio per una collezione multiforme e variopinta che include agende, blocchi ed accessori ufficio.

Un regalo esclusivo 100% made in Italy, per un successo garantito.

Regenerating is revitalizing something which has lost its original temper, bringing it back to its original status.

Basically, renewing by restoring.

Retime Collection stands for this criterion, as leather scraps are regenerated and given new function, becoming raw material for a colorful collection of diaries, notebooks, calendars and accessories for office.

An exclusive gift 100% made in Italy for a successful promotion.

NOTES

Green Mood

Molto più di una collezione, la linea Green Mood identifica un approccio alla problematica ambientale, una sensibilità ricettiva e sempre attiva nella ricerca di lavorazioni e materiali ecocompatibili che soddisfino le esigenze dell'ambiente prima ancora che del gusto. Una linea accattivante, realizzata interamente con carte certificate FSC risultanti dal riciclo di sottoprodotti di lavorazioni agro-industriali.

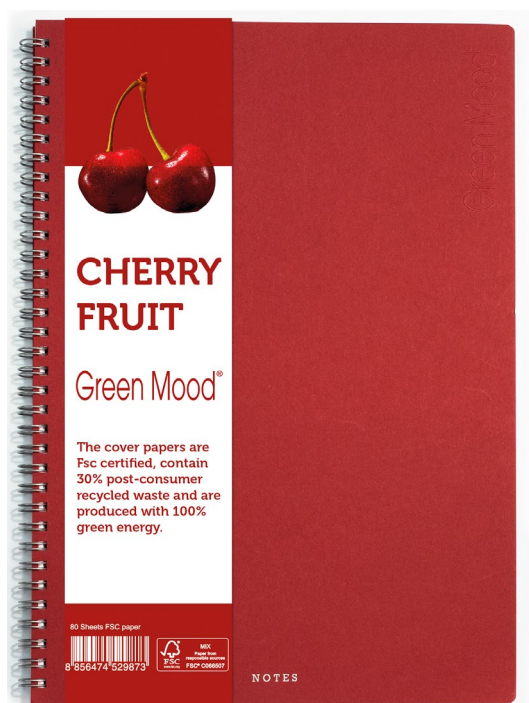

More than just a notebook range, Green Mood identifies our attitude towards environmental issues, always looking for new eco-friendly materials and green production methods to preserve the environment.

The whole range is created using eco-friendly fsc certified papers produced with 100% green energy and containing up to 30% post-consumer recycled waste replacing up to 15% of virgin tree pulp.

Recycleme

I colori caldi della terra, le superfici ruvide e porose, un impasto disomogeneo le cui imperfezioni raccontano la storia di un prezioso recupero. RecycleMe nasce dall'impegno per una produzione nel segno della sostenibilità, attraverso l'impiego esclusivo di materie prime riciclate.

Warm natural colors, rough and porous surfaces, an irregular texture whose imperfections testify the important recycling process these materials are results of. RecycleMe collection is an eco-friendly range using only 100% recycled materials for a sustainable and environmentally friendly production.
