- The Quiz Master asks the question, allow players/teams time to come up with a few answers
- Rotate the order in which players/teams answer. So team 1 answer question 1 first, team 2 answers question 2 first and team 1 will be last
- Any answer correct scores what is correlated
- Any answer that is incorrect or repeated or no answer give at all score 100 points
- Ask questions in any order you like and play as many rounds as you like
- Whoever scores the lowest score wins
- Enjoy!
