Dear Friends

At Pentecost there was a great explosion of energy in the disciples. They were filled with power from on high and they went out to tell people the good news about the kingdom of God. But after the first rush of energy things quietened down though it remained a dynamic and growing church, it didn't grow as fast. It is a bit like the seasons. In the spring there is an explosion of energy of new life after the waiting time of the winter. Then there is a steady state of growth that grows through the summer. But the growth in the summer is never quite as dynamic and energetic as the growth in spring.

Sometimes our churches grow in the same way. When a church is new or when it tries out something new, there is an explosion of energy and faith. After a while the growth becomes steady and not so dynamic. Sometimes the growth isn't very obvious at all, though people within the church are still growing in faith, even when the numbers are declining. The church sometimes seems to go through an autumnal phase, of losing its leaves and a stopping of growth. It goes back into a waiting time of winter, waiting for the next explosion of new life in the spring.

But our experience of God is that God is always making things new. God is in the business of new life, and the one who has created new life. So when we wait on God, as the disciples did before Pentecost, their waiting was rewarded. The Spirit of God came and brought them the dynamic energy of new life. So when we wait patiently and even when we set out in faith with something new. God comes in and will set us on fire with the Holy Spirit, bringing an explosion of growth and energy. So where is our church now? Is it waiting on God? Is it ready to set out on something new? Is it about to burst forth with new energy and faith? This is something that we decide until the Spirit of God comes.

With every blessing from Graham

What a fabulous turn out of members and guests, it was great to see so many. Our thanks go to Robin Wardle & Brian Parkinson who gave us an interesting insight into the history of the Conservation Area, our very own National Monument. Although still quite quiet because of the cold wind and late spring, we were rewarded by encountering quite a bit of wildlife around the Conservation Area and Castle Moat including Large & Small White butterflies; primroses, blue bells & quite a bit of Goldilocks (no bears though!); Song Thrush, Blue Tits, Chiffchaff & a Greylag goose. If anyone would like more information please call Melanie 878711.

Next Meeting: Sat 5th June, Dawn Chorus, 6.30am & 8.30am starts. Meet in the Church Yard. The church has kindly agreed for us to use their facilities, so it will be bacon butties & tea / coffee available at the church after for £1.50. All welcome but no dogs please.

Sheriff Hutton Youth Club Tuesdays 7 - 8.30pm

Good news! A Tuesday night has become available so Youth Club will go back to a weekly session at last. We would like to thank members, volunteers and villagers alike, for their support whilst we went through turbulent times, including the Village Hall committee for their patience as we struggled to find a time slot to suit the majority. As a reminder we will run through half terms but not the main school holidays, letters have been sent to parents of members but if anyone else would like further information please call any of the Youth Leaders below or join us on a Tuesday. As we expand again we are looking for 2 more Youth Leaders to help spread the load and ensure succession, so if anyone is interested please get in touch to discuss.

Proudly Presents

The 5th Annual Scarecrow Trail.
Sunday 20th June 11am to 5pm

Starting at the Village Hall or The Green
Maps for the trail are £2.50.

Light refreshments, cakes and ice creams available from the Village Hall

Time to dust off the papier-mâché, chicken wire and get competitive! Can you start Village warfare by out-doing your neighbours!

Join us as Sheriff Hutton Primary School continue to host the annual scarecrow trail. For the past four years we have had a fantastic range of models, (err, sorry, scarecrows) displayed throughout our lovely village, the standard of which has been extremely high. Last year Bonnie Lawson won the much coveted 'Golden Scarecrow' trophy with her fabulous Optimus Prime (can we have him back please!)

So if the creative genius inside is dying to escape, get cracking and knock up a scarecrow! Or simply support us by joining us on the day and taking part in the trail.

If you would like to make and display a scarecrow please fill in the passport below and either drop it into school or to Caryn Swartz at 10 Mill Lane Avenue. Could we also ask that you devise a question about your scarecrow that can be answered by viewers on the day.

Please support your village school Thanks!

Sheriff Hutton Village Archive – the next steps

A cupboard in the Village Hall contains written and photographic documentation of the village over the past 120 years. These items have been listed. The current arrangements are unsuitable for long-term storage and we intend to improve these. We are also starting to copy some of the items in the cupboard into digital images that are easier to access than the original records and reduce the need for repeated handling. We see this as a useful resource for the village school and for the local history group mentioned in the Parish Plan.

Archive storage

Not all village organisations have their records in the cupboard. The limited space in the Village Hall cupboard is almost full, so there may not be sufficient room for future addition of further documents. The conditions under which the items are to be stored are an important consideration; the County Archivist has given recommendations for improving the way we store these items and we propose to implement these. The Park Pale Project has offered to contribute towards the costs of suitable archive storage boxes to fit in the current storage space. The ideal long-term solution is probably a small extension to the Village Hall designed as an archive with suitable conditions for the permanent storage of important village records. Costs and designs have not yet been considered nor has the availability of grants been tested.

Scanning documents as digital images

We have a few people to help with scanning. Apart from the “Lascelles Diary” (scrapbook from the first half of the 20th century) that has already been scanned, some large Village Hall construction drawings and some village maps are currently being copied as digital images. We have Minute Books from the Memorial Institute and New Village Hall Trust ready for scanning. Some documents are foolscap folio size (longer than A4) and will not fit an A4 scanner. We may have an offer to use an A3 scanner, otherwise we can scan the top and bottom of the page and combine the two images into one using photographic software. A few books may need re-binding after scanning.

We have to be selective about which items we scan and to assign priorities. We will seek permission before copying documents that belong to village organisations. In due course, we will need to decide how the digital archive will be released. Once we have a useful amount of information in digital form, we hope to make a disc available. There is also the possibility of putting the data onto a website (but that is a matter for future consideration).

Myasthenia Gravis Association (York Branch) – Charity No. 1046443

M.G. is a muscle weakness illness that has no known cure and can prove fatal. As you all know we had a Gala Evening at Westfield Farm on the 23rd April 2010 to raise funds for The Neuro Sciences Department at York District Hospital to purchase a Cough Assist Machine. We raised on the night £1343.65 giving us a running total of £4198.29 towards our goal of £6000.00. A special THANK YOU must go to Mr N. and Rev S. Nightingale for their help and assistance, also to the people and organisations who donated/helped and the people who attended on the night.

If you would like any information regarding M.G. and its effects I am always available, once again thank you for your generous support. Donald A. Blythe.

There will be no charge for your entries, but you will be allowed only **two** entries per person per class to ease displaying the entries in some sections. The Show will open at 2.30pm to the general public for which there will be an entry fee of £1 for adults, 50p for children of school age, but will be free for under 5's.

It is hoped that the changes will make the running of the Show easier on the day and that you will be as supportive and enthusiastic as ever!

The Vikings in York was the subject of our May Meeting. Kaeli Wishart, who is the Front of House Manager at York Theatre Royal, assisted by her Deputy, Maria, treated us to a most interesting and informative insight into the Viking age. Kaeli is also a qualified archaeologist and told us how she had dressed and lived as in Viking times as part of her studies. Through her talk, illustrated by slides and artefacts, we heard how important the York Viking dig has been in widening the knowledge of all aspects of their lives.

Details of our forthcoming outings were given, and are as follows:

Leaving the village at 9.00am. One and a half hours in Skipton before going on to Colne for lunch, returning at 4.00pm. Cost £14 for members, £16 non-members.
