We've been helping our clients with every aspect of their stands for over 60 years, from concept to delivery we are on hand to help every step of the way.

**If you have an idea for the design of your stand...** the chances are we have done something similar before and can work to guide you on what works.

**Perhaps you only have dimensions of the space?** In which case we will help you draft the overall layout and design.

# T3 STANDS

**T3 Stands have been designed with versatility in mind. They can be adapted to suit a variety of environments, including: exhibition stands; point of sale; conference sets; hanging banners; and much more.**

No tools are required to set these stands up, and no other system can compete on the speed of build. This helps to reduce labour time and costs as structures can be built in minutes without technical expertise.

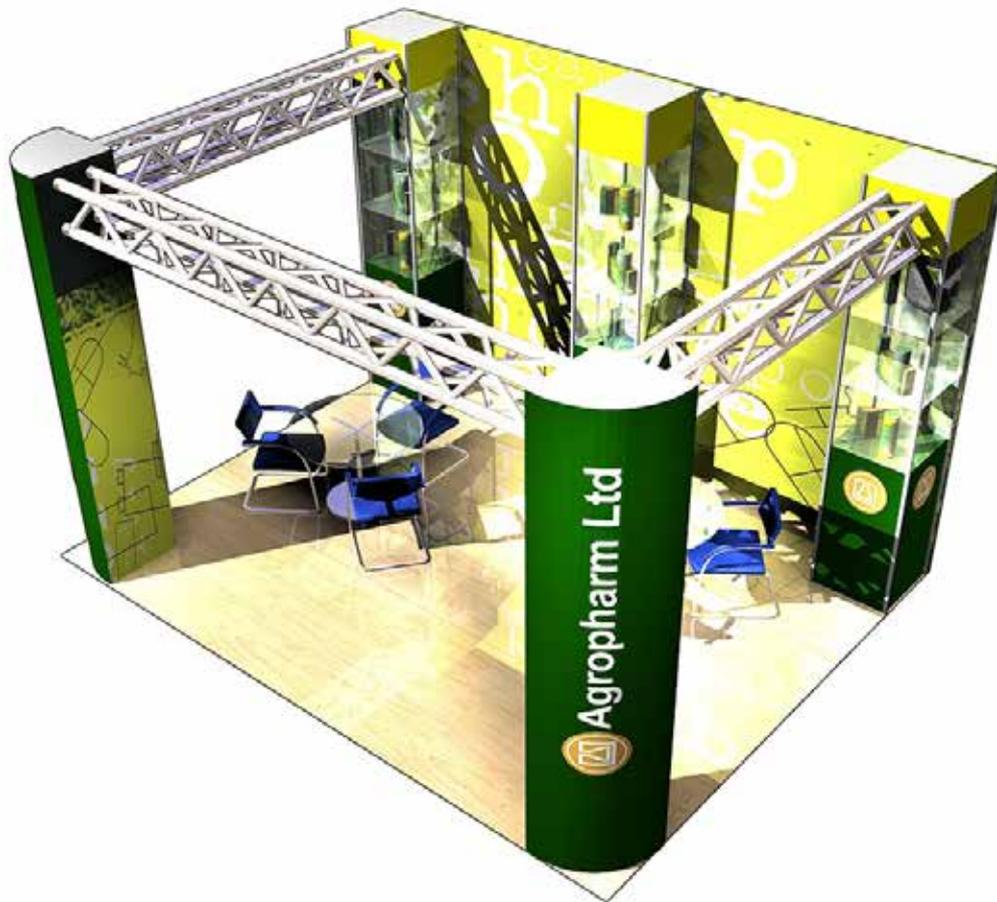

Perfect for many situations, our T3 Stands offer incredible levels of versatility without compromising on quality or design.

These systems are made of beams which twist and lock together, meaning they can pack down smaller than most systems, making for easy transportation.

## TESTIMONIALS

“

I have dealt with your company for the past 5 or 6 years and your staff have always given excellent service at every event. The guys are always good humoured and do all they can to help, even when changes are forced upon us last minute. Your team just sailed through the problems without a hitch. Truly excellent service!”

**LONDON SCHOOL OF HYGIENE  
AND TROPICAL MEDICINE**

“

It has been our pleasure to work with SD Displays, for over 10 years now. They provide us with an invaluable service, with Poster Board Hire and sponsoring and supporting us with our Area Finals day, at the High Wycombe Young Enterprise. They are reliable, always on time and very helpful with the overall delivery and installation of the boards, without any fuss or complaint. All staff are extremely helpful at SD Displays and nothing is too much trouble, I would have no hesitation recommending them or their services.”

**PETER NEWELL, HIGH WYCOMBE  
YOUNG ENTERPRISE BOARD**

“ Having worked with SD Displays for over several years now, I find them to be friendly, professional and very easy to get along with. Simon and Chris are great guys when it comes to the installation of putting the boards together and at times they have provided us with great vision on how we should be maximising the space we have in order to look better. An honest, trustworthy business, that always go the extra mile to complete the job in hand.”

**GOLDSMITHS,  
UNIVERSITY OF LONDON**

“ We have used SD Displays for many years and have always found them to be very professional. They provide a very good product (we hire 2mx1m display panels for around 10 events per year) and are competitively priced. The team in the office are always quick to respond to quote requests and queries and our panels are always delivered on time by friendly staff. I wouldn't hesitate to recommend them.”
