Welcome to the 2020 Chatter!

And just like that the holidays are behind us and we are into a new year, a new decade and a new look to the Chatter. I know I said that December issue would be my last issue, but guess what, I'm staying on!

I'm thankful to announce new support for the Chatter team that has made my staying on possible. We welcome a new team member – Kylie Lopez. She has taken on the task of bringing her design expertise and will work on the layout of the newsletter each month. Read more about our team and our new process in Renate's president's message. Due to the changes, this issue launched a bit later than normal. February will be right on time, we promise.

RMCA hopes everyone enjoyed a great holiday season! We wish you the best that the New Year has to offer!

A new year with some new challenges, Redwood Meadows Community Association has been fortunate to have not only great support from our Townsite Council and our local residents but from grants as well. As we move into a year of tighter budgets and more competition from other nonprofits, RMCA will be looking for better ways to manage your community money and to write more grant applications to continue giving our community the activities and services we have always offered.

We have a couple of new executive members on our team and I like to welcome them as well to thank our returning members for giving us one more year of their time to this amazing community. Our two new members are: Dean Svoboda, who will help with grant writing and Rebecca Parzan will help with reorganization of RMCA and volunteering at our events.

You will notice that the Chatter will have a bit of a new layout and an additional name to the editing team. Kylie Lopez has stepped up to take some work off of Jessie Seymour's plate and will focus on re-energizing The Chatter's layout and look. Jessie and myself will focus on content. We hope to encourage local community members to write some articles on their business, talents and expertise. We will continue having Colleen Seto write a focus article on local businesses and our community groups.

Have an idea for the Chatter or want to submit an ad or article? Please send it to: thechatter@redwoodmeadows.ab.ca.

RMCA will hold its first meeting January 23rd at 6:30pm. All meetings are held at Redwood House in the Wild Rose room. If you want to be added to the agenda please contact me at: rmca-president@redwoodmeadows.ab.ca.

Thank you to all that came to the RMCA AGM this past November. It was encouraging to see new faces in the group and glad some residents shared some positive words and new ideas.

Enjoy January and hope to see some of you at our next meeting,

Renate van der Zande

Happy New Year! I hope everyone had a safe and relaxing holiday.

The new skating rink was up and running just in time for the holidays. From the look of things, both the main rink and kids' rink are getting a lot of use! The new concrete foundation and dual player benches are great improvements; we will install the bleachers this coming spring. Thank you to the Townsite operations folks for making this happen (despite numerous weather delays) and RMCA for their support. This project was funded entirely by government grant money and funds raised through RMCA events.

You may have noticed the wooden frames that emerged along the berm and trail system behind our community in recent months. These frames are for interpretive signs that tell the story of Tsuut'ina and their land we are blessed to be stewards for. We are working with Tsuut'ina to complete the trail signs and hope to have them ready this spring.

The fire department will be receiving a new firetruck late January or early February. Not only will this provide the fire department with new technology to respond to emergencies in Redwood Meadows and surrounding areas, the Class-A Pumper has a secondary benefit of keeping fire insurance costs for Redwood Meadows residents in check by ensuring our equipment is current. Suffice it to say, our much-appreciated volunteer firefighters are pretty "pumped."

Our new Townsite mobile app is currently being tested by Townsite staff and several resident volunteers. It will be available soon to the general public for both iPhone and Android. The app will provide users with alerts and information on upcoming events, online forms for standard services, Council meeting minutes and much more. Stay tuned.

The lease continues to make progress. Over the holidays, our lawyers were busy working with Tsuut'ina to complete the legal documents. Per the December 19 lease communication, we are delighted with the renewed engagement and momentum from Tsuut'ina. It remains clear we are working together to get a deal done and will keep you updated as work progresses over the next few months.

There's an estimated 3,460 fire departments in Canada, 85% of these are staffed by volunteer firefighters. As a volunteer-driven organization, Redwood Meadows Emergency Services (RMES) responded to nearly 300 calls in 2019 (at time of writing); **51% were medical and 13% were fire-related.**

Every year, Canadian firefighters are injured or killed in the line of duty. This month, we're giving some tips to protect your volunteer firefighters as we do our work.

SLOW DOWN. AND THEN SLOW DOWN SOME MORE: One of the most dangerous part of our job is doing traffic management at car accidents. When you see

emergency vehicles on the highway, slow down well in advance. The slower the better when we have team members on slippery highways and focused on quickly grabbing equipment from trucks! Follow the directions of the first responders. Don't stop to take pictures (we aren't that good looking!). Focus on your own safe driving. Resume speed only when you are well clear. Treat every firefighter you see working on the highway as a family member, neighbour or friend – because we are all of these to someone in the community.

MOVE OUT OF THE WAY – IT'S THE LAW: When you see the big red trucks heading to someone else's emergency with lights flashing, pull over to the right side of the road and STOP, until the emergency vehicle passes. Once the truck passes, check your mirrors to ensure more emergency vehicles aren't following before resuming speed.

KEEP YOUR DRIVEWAYS AND PATHS CLEARED OF SNOW AND ICE: Sliding is fun on sleds and skates in the winter, but not down snowy driveways in firetrucks or while carrying emergency gear. If you know of a neighbor with mobility issues, be a snow angel and help them keep their paths clear of snow and ice.

On behalf of the firefighters and officers of Redwood Meadows Emergency Services, it was an honour and privilege to serve our community and protect our neighbours in 2019.

Best wishes for a safe and happy new year!

Happy New Year Creekers!

I truly hope you all had a wonderful holiday filled with family, friends and general merry making.

December saw our annual BCCA Kids Only Store which coincides with the Bragg Creek and Area Chamber of Commerce's Spirit of Christmas. Kids were delighted to shop for their family with the assistance of our Helper Elves. This year we welcomed the Snowbird Seniors to provide their face painting talents and fun kid's crafts from the Community Centre. It was heartwarming to see so many community members attend and volunteer. The Centre was bustling and bursting with festive cheer! We hope all our Bragg Creek families enjoyed the gifts chosen lovingly by their little ones.

We wouldn't be able to continue offering these fun annual events without help from our amazing community volunteers! A big "Thank You" to:

Banded Peak and Springbank Middle School Helper Elves: Jake C., Ryan L., Jake M., Kinley R., Eleanor P., Hunter R., Maizie P., Trinidy H., Andrea A., Maya J., Olivia S., Chelsea T., Samara M., Calissa J., Luuk D., Kennedy B., Shawn M., Bronwyn & Juliette.

Our grown up Helpers: Shaye Radford, Renate van der Zande, Rose Dallyn, Carole Van Kleek, Victoria Carter, Carol Ann Schmaltz and John Dickinson for helping with the store and concession.

This New Year has brought some changes to the Centre with the departure of our General Manager Shawntel Dickinson, and also our Program and Events Assistant, Shea-Lynn Yuzicapi.

We wish to extend our deepest gratitude for all that Shawntel has done for the BCCA working extremely hard to ensure the BCCA is serving the needs of our community. Shawntel, thank you very much for your hard work and we will look forward to seeing you sitting in the chairs at the next community event.

Shea-Lynn Yuzicapi is returning to Saskatchewan to be closer to family. Shea was a great addition to our team and will certainly be missed. Best of luck to you Shea!

The BCCA is actively recruiting for new members to our team. If you know of anyone who may be interested and qualified, please see our website for current openings.

JANUARY PROGRAMMING

Co-ed Ball Hockey starts Wednesday the 8th, 7:30 – 9:30 pm.

Email info@braggcreekca.com to register. (Drop in available)

Returning this month:

Adult Pickleball - January 7th, 7:30 – 9:30 pm

The fastest growing sport you've never heard of. What is pickleball exactly?

For the uninitiated, pickleball is something of a mix between tennis, racquetball and ping pong. Nets and court sizes are smaller than their tennis counterparts, and the most common game is doubles, although singles is also an option. It has its own set of quirky rules - for instance, try to stay out of the "kitchen" - but they're easy to learn.

Looking for a new indoor sport? Try Pickleball! Email info@braggcreekca.com to register. (Drop in available)

Walking Club – January 8th, 10:30 am

Meet up with fellow walking enthusiasts for some exercise while catching up with friends or making new ones! All abilities welcome. FREE

Rumble & Roar – January 9th, 9:30 – 11:30 am

Our drop-in open play space for children 0 – 5 years. Let your kids run, bounce and play while you have the opportunity to connect with other parents. A Parent Link Early Childhood Educator is available to help with child rearing questions or concerns every other week. Member \$2.00/child, Non-Member \$5.00/child.

Coffee provided, please bring your own mug.

Artsy Afternoon – January 9th, 1:00 – 4:00 pm

Do you have an artistic hobby? Want to join other artistic types in a social setting? Bring your painting, sculpting, knitting project for an afternoon of arts, crafts and conversation. Members FREE, Non-Member \$5.00

Lego Club – January 20th, 3:30 – 4:30 pm (third Monday of each month until May 18, 2020)

Offered through the Cochrane Public Library. Come by the Bragg Creek Community Center once a month for some fun challenges, unique LEGO pieces and to meet new friends! Ages 5+. FREE

Springbank Dancers will be back this winter offering their classes for the littles and have added some new dates and times for older dancers.

Wednesday's January 8 – June 17 (Mini sessions available January 8 – February 12)

- Tiny Ballerinas (ages 3 – 4) 9:45 – 10:15 am
- Hop'N'Pop (ages 3 – 4) 10:15 – 10:45 am

Are you seeking greater success and personal growth in 2020?

Do you know where to start planning in order to achieve your goals?

LOOKING for ANSWERS?

"As your coach I can help you develop your own unique plan to get motivated and organized, and ultimately assist you with achieving your personal and professional goals."

What I Offer

- ⚙️ Proven history of helping success-oriented people achieve their most meaningful goals
- ⚙️ Professionalism, positive energy and enthusiasm
- ⚙️ Trained and accredited in proven brain-based coach methodologies

Anita has been my coach this year using the NeuroLeadership program. With her guidance, I identified two professional goals and one personal goal to work on over six months. Anita supported me in connecting to and getting excited about these goals. The part of the coaching that was really amazing was that my personal and professional goals started to merge, and I felt like I was becoming my best self in all aspects of my life. Identifying my values and purpose has helped me see how I uniquely impact the teams I am part of and the people I interact with at work, home and socially. I highly recommend Anita as a coach. She is professional, energetic and fun. You may be surprised at how much better you can be! ~ Katherine C., Multi-national energy company director

THE CMHC MORTGAGE CONSUMER SURVEY TOP 10 YOU NEED TO KNOW

Learn more about the attitudes and behaviours of Canadians when they are buying a home and are homeowners.

Check out CMHC's 2019 Mortgage Consumer Survey top 10.

1. Price and affordability is a “must-have” say 80% of buyers.

First-time and repeat buyers identified price and affordability as a need when purchasing a home. For the second consecutive year, about 1/3 of buyers indicated price/affordability as the top factor.

2. Almost half (47%) of 2019 buyers were first-time homebuyers.

This is a drop from 2018 where 56% of purchasers were first-time homebuyers. The percentage of repeat buyers increased from 44% in 2018 to 53% in 2019 and the majority of mortgage consumers are homeowners going through the renewal process.

3. 81% of buyers said their current home meets their needs.

It's “home sweet home” for the majority of Canadians – 4 out of 5 homebuyers said their current house meets their needs.

4. 35% of buyers recognize the value of using a real estate agent.

More and more Canadians see value in working with a real estate agent - this is up from 28% in 2018.

5. 60% of buyers spent the maximum amount they could afford in 2019.

The “house-rich, cash-poor” approach is losing momentum. We have seen a decrease from 78% to 60% of Canadians spending the maximum amount on their mortgage.

6. More than half of those surveyed (65%) believe the “stress test” will keep more Canadians from taking on unaffordable mortgages.

The “stress test” has been out for more than a year. The majority (59% of homebuyers surveyed were aware of these new rules. Among all buyers aware and not aware of the new rules, more than 3/4 said the changes had little or no impact on their decision to buy a home - down slightly from 80% in 2018. Those impacted reacted by purchasing a smaller or less expensive home.

7. More than 1/3 of buyers don't expect interest rates to rise in the next year.

While mortgage rates were up in 2019, so was consumer optimism. More buyers were betting that interest rates wouldn't rise again anytime soon. Nearly 1/3 of homebuyers don't expect interest rates to go up in the next year.

8. 23% of buyers said their current level of debt is higher than they were expecting.

Consumer debt continues to be a significant challenge in nearly every part of the country. The impact of those debts also continued to spill over into the mortgage markets. In total, around 23% of homebuyers in 2019 said their current level of debt is higher than they were expecting. This number is up from 19% of buyers in 2018.

9. 1/3 of buyers didn't have a monthly budget before buying a home.

Preparing a monthly budget — and sticking to it — is one of the keys to successful homeownership. 1/3 of homebuyers surveyed didn't have a monthly budget before buying a home but more than 2/3 (69%) operated on a monthly budget as a homeowner.

10. 87% of buyers feel confident that buying a home is a sound long-term investment.

The majority of homebuyers are confident that buying a home is a sound long-term investment. Before deciding that buying a home is the right decision for you, we encourage all Canadians to carefully examine what type of housing is best for them.

PICAPIX PUZZLE

A picture will evolve as you complete the puzzle. Start with the largest numbers or combination of, colour in squares and proceed to work back and forth between columns and rows.

The three basic rules are:

1. Numbers represent how many squares you colour in to form a group or block.
2. Leave at least one square between these blocks
3. The sequential order of the numbers is the order of the books
i.e., top number for a column in the top block, and left-most number for a row is the left-most block.

The “logic count method” shown below is very useful:

The clue at the left of the row is 6, so count 6 squares from the left to right then count 6 squares from right to left. Confidently shade in the overlapping squares.

This same method can be applied even when there is more than one number, remembering to allow one empty square between groups or blocks. Use a second colour for elimination of background squares.
