

STANDARD OVAL (ELLIPSE)

Ellipses are available in the following sizes and are priced according to each letter.

There is an extra \$50.00 fee for trimming any standard ellipse or circular glass to a smaller size, priced under letter **T**. There is an extra \$60.00 fee for trimming any extra-deep, extra-thick or non-standard type of glass, priced under letter **TT**. Trimming must be of an equal amount all around in order to work. We cannot trim square-cornered, sharp-cornered (such as I and L shaped) or odd shapes. Any new shape or of a different size except circles or ellipses requires a new mold.

Size dimensions will be within 1/8" or less.

For exact sizes, such as for metal frames or lockets, we recommend that you send us the item to be able to make the glass an exact fit. If you do not want to send the item and are sure you can send us the exact measurements, we charge an extra \$50.00 to cut and grind to your exact specifications.

	<u>A</u>	<u>B</u>	<u>C</u>
	4" x 5"	8" x 10"	14" x 17"
	5" x 7"	9" x 13"	13-1/2 x 19-5/8"
		11" x 14"	12" x 20"
		12" x 16"	14" x 20"
			16" x 20"

THE UNUSUAL SHAPES

The following shapes are some examples of the shapes we have made. Sizes or shapes not listed require a special mold. We can make the best mold if you send us the frame. We charge you an extra \$10.00 to pack the frame and ship it back with the glass. If you do not want to send the frame, put the frame right side up on a piece of scrap matboard and put a pencil inside against the rabbet and run a mark so that you get a shape of the rabbet on the matboard. Then cut out that shape carefully and trim it to make sure it fits into the frame rabbet with the proper allowance all around and then send us that pattern. Or draw a line around the pattern put down on a large enough piece of paper and send us that. Please put all information, such as the actual size of the rabbet or desired glass, your name, address, phone number and email. We will get back to you when we receive the pattern.

There is a \$200.00 net mold charge for any new size or shape up to 16" x 20". If your pattern is larger than 16" x 20" we will need to see it or have all size and shape information to determine the cost.

Glass and mold charges for new sizes or shapes must be paid before we will begin work to create it.

Up to 16" x 20"

U

Up to 20" x 24"

CIRCLES

Circles are available in the following sizes and are priced according to each letter.
Trimming standard circles to specific size is an extra fee and priced under letter **T**.
Trimming larger sizes, extra thickness, or unusually complicated shapes (multiple curves or angles) is an extra fee and priced under letter **TT**.

Pack and ship to the West coast is \$10.00 more.

Dealer Discount Available - Quantity Prices on Request

T (Trimming) \$50.00

TT (Extra depth, extra thickness or unusual and complicated shapes please call for quote) Typically \$65.00

P (Pack, Insure, Ship) up to 14" x 20" \$45.00

PP (Pack, Insure, Ship) 14" x 20" up to 18" x 24" \$65.00

To Pack, Insure, Ship sizes over 18" x 24" Call for Quote.

***Shipping to Canada and internationally please call for a quote. US FUNDS ONLY.
No C.O.D.***

PACKING AND SHIPPING UP TO 14" x 20"

Priced under letter **P**.

Delivery time is approximately one week for standard sizes and shapes, and approximately four weeks for special order shapes. We can ship FEDEX, UPS or USPS ground, but can ship 1 or 2 day air upon request for an additional charge for express shipping. Saturday delivery is also available for an extra charge. Add \$10.00 per piece of regular glass thickness for packing and shipping for each additional item of same shape and size (glass or frame) shipped. Add \$15.00 per piece of regular glass for sizes 16" x 20" to 18" x 24". Additional charge for packing and or weight for other thicknesses. Additional charge for shipping different sizes and or shapes together. Depth of convexity varies from approximately 1/8" on very small sizes to approximately 1-1/4" on large sizes. (No extra depth on square corner shapes).

Glass thickness is typically that of regular glass, or approximately .09 inch. Double strength glass is approximately 1/8 inch (.125)

There are also several thinner and thicker, but all cost more if shaped by us to your specifications. Trimming extra depth and extra thickness glass is more but call for quote.

Standard oval or circle with extra depth is priced under **CC**.

Special order or unusual shape glass with extra depth available and priced under **DD**. This pricing also applies to thicknesses other than regular glass (.1 inch). Extra depth, extra thick or unusual shape glass costs more for trimming.

We will occasionally recommend a different thickness for either very small (such as very small locket sizes) or extra large sizes and/or extra depth items of certain sizes or shapes.

Example: one 16" convex (Bullseye) circular mirror in regular glass thickness

Glass: one 16" circle \$300.00

Silvering: 16" X 16" = 256/144 = 1.78 sq. ft. X \$150 = \$267.00

Pack and Ship: = \$65.00

\$632.00
