They still NEED you.

NEED has been in the business of sending African American students to college since 1963. So much has changed since then. But one thing hasn’t changed. Underserved minority students still need your help.

Please help NEED continue the mission of changing lives by giving them a fighting chance through higher education.
Our 2020 Impact.

- 4652 students received direct college and career access services in 23 Western Pennsylvania schools
- 70 high schools in 9 counties where students are receiving scholarship/grant services
- 230 young Black men received culturally-based mentoring services
- $867,208 was awarded in grants to NEED students
- $6,886,849 was facilitated in Federal, State and Institutional Aid
- 309 colleges and universities across the country where NEED recipients attend
- 20% are attending at HBCUs
