Item 2: A definition is added for ECD that includes Gr R.	Item 2: 'n Definisie is bygevoeg vir VKO wat Gr R insluit.
Item 3: The schedule of re-opening is altered	Item 3: Die skedule vir heropening is opgedateer
1. Three further sub directions are added: a) A school that applies in terms of the new Form "B" may be permitted to deviate from the "opening schedule"; b) Aftercare facilities associated with the school may open; c) At schools that as yet may not open, the Department must make alternative arrangements to ensure that teaching continues; and d) In all of the above it is a requirement that the Occupational Health and Safety Measures must first be observed.	1. Drie verdere subdirektiewe is ingevoeg: a) Skole wat aansoek doen op die nuwe Vorm "B" mag afwyk van die openingskedule; b) Nasorgfasiliteite gekoppel aan 'n skool mag open; c) By skole wat nog nie mag open nie, moet die Departement alternatiewe reëlings tref om die leerplan steeds af te lewer; en d) By al die voormelde is dit 'n voorwaarde dat beroepsveiligheid eers gewaarborg moet word.
Item 4: Schools which have large enough facilities are exempt from Regulation 2 (from the May 29 regulations); and may follow	Item 4: Skole wat oor groot genoeg fasiliteite beskik, word vrygestel van Direktief 2 (vanuit die 29 Mei direktiewe); en kan hul tradisionele

their traditional daily timetable if occupational safety requirements are followed.	daaglikse rooster volg as die beroepsveiligheidsvereistes gevolg word.
Two forms are added • "A" - Certificate and; • "B" - Application for deviation.	Daar word 2 vorms bygevoeg. • "A" – Sertifikaat en; • "B" – Aansoek om vrystelling / afwyking.
It would seem that certain SGBs intend to apply to open schools fully for all learners in the shortest possible time. Members are requested to inform the SAOU of such actions immediately as there may be serious health considerations.	Dit blyk dat daar BLE is wat dadelik die geheel van die skool in die kortste moontlike tyd wil open. Lede word versoek om die SAOU dadelik in te lig van sulke aksies aangesien daar ernstige beroepsveiligheidsoorwegings mag wees.
