

# Argabeta Collagen Line, by Dikson

If you want hair with more life and more vitality then Antonio Delgado Hairdressing has the treatments and skills you need.

A series of three products containing Hydrolysed Collagen, Argan Oil and Camellia Oil.

COLLAGEN is our body most important structural protein which is a key part of the Organ and Tissue formation process. As the years passing the quantity of Collagen generated by our body reduces significantly, the negative on the hair is loss of shine, elasticity and body. This product fights against this effect, preventing and delaying the damage course by premature hair loss.

ARGAN OIL, rich in vitamin E, antioxidant, hydrating and protector CAMELLIA OIL rich in active substances, leaving the hair soft, shine and full of life.

These three active ingredients are the perfect combination to keep the hair younger for longer, free from parabens, free of SLS (Sodium Llauryl Sulphate).
