# AGL & SON CRANE HIRE

## YOUR PROFESSIONAL LIFTING PARTNER

AGL & Son Crane Hire provides complete lifting and transportation solutions right across South Australia with a diverse fleet of state-of-the-art cranes, vehicles and equipment, backed by experienced personnel and professional management.

ALL-TERRAIN SLEW CRANES

PICK & CARRY CRANES

TRANSPORT SOLUTIONS

## Your Professional Lifting Partner

***At AGL & Son Crane Hire we treat every lift as critical and every relationship as pivotal - from assisting with tender submissions right through to post-lift reports. We ensure that every lift we perform is carried out in the safest and most efficient manner possible.***

All lifts performed are conducted following a thorough assessment of the lift itself in consultation with every stakeholder - from the Project Manager and Site Safety Officer to relevant engineers and operating crews - to guarantee we not only meet your requirements and expectations but exceed them.

With well-developed and individually tailored Risk Assessments prepared and

provided well before the scheduled lift, AGL & Son Crane Hire takes pride in everything we do with due diligence, safety and professionalism as our main focus.

Having worked with some of Australia's largest and most respected companies for over 18 years, we have fine-tuned and developed an approach to our lifting and transportation services that are second to none.

All personnel are extensively trained in all aspects of their duties and responsibilities and undergo regular VoCs to ensure that all industry standards are exceeded.

Overseeing our operations is a hand-picked and extensively experienced Management Team who ensure AGL & Son Crane Hire remains the most professional crane and transport provider in SA.

# Business Overview

*Established in 2000, AGL & Son Crane Hire provides a full-service approach to lifting and transportation services that has seen us grow from strength to strength for over 18 years.*

AGL & Son Crane Hire provides lifting, rigging, logistics and transportation services to the Commercial, Industrial and Domestic Sectors of the South Australian Construction Industry. We operate a diverse fleet of state-of-the-art, highly maintained cranes with a lifting capacity up to 200t and provide a tailored service to adapt and respond to the various challenges of each specific job. Our expertise extends to ensuring all lifts are conducted in the safest possible manner, achieved through the highest safety standards, comprehensive planning and assessment and ongoing collaboration with all stakeholders.

## TRUSTED BY THE BEST

Our professional service and focussed approach to every lift we perform has seen some of Australia's most respected companies seek our services on a continual basis to safely perform their lifting requirements. From Defence and Aeronautics to Rail and Construction we have the experience, expertise and professional approach to exceed your requirements.

## STATE-OF-THE-ART FLEET

Our fleet is the most modern and technologically advanced fleet of All-Terrain and Pick & Carry Cranes in South Australia, including our new 200t and 60t Liebherr LTM All-Terrain Slew Cranes equipped with the revolutionary VarioBase Technology. With 14 machines available, all are extremely well maintained and undergo a strict maintenance schedule to ensure they comply with all industry safety standards.

## DRIVEN PERSONNEL

From Crane Operators and Riggers to Truck Drivers and our Management Team; every AGL & Son Crane Hire employee is driven to succeed. Undergoing a rigorous training schedule and consistent personal development program we ensure that our state-of-the-art fleet is backed up with South Australia's most professional and hard-working personnel to ensure we continue to be the best.

# Professional Service

*Performing safe and efficient lifts requires a professional and driven approach well before the lift takes place – and this is where AGL & Son Crane Hire truly excels.*

From on-site inspections and management meetings to boardroom negotiations, AGL & Son Crane Hire ensures all stakeholders have been addressed and all possible options have been explored prior to performing any lift. With individually tailored SWMS, Lift Plans and Lift Studies guaranteed to meet your requirements, our professional approach is second to none to ensure all our lifts are conducted safely and efficiently to assist you in delivering your projects on time and on budget.

## PLANNING & PREPARATION

We work with you and your team to ensure all required information has been obtained and reviewed prior to conducting any lift. From meetings and site inspections to consultation with engineers and safety officers, each and every lift is extensively planned.

## ON-GOING TRAINING & DEVELOPMENT

At AGL & Son Crane Hire we never stop learning. All employees are constantly trained in the latest safety best practices and undergo a rigorous training and personal development program that ensures our personnel remain as cutting edge as our fleet.

## LATEST TECHNOLOGY

Utilising the latest lift planning software and measuring devices, AGL & Son Crane Hire leave nothing to chance. All lifts are conducted following extensive pre-lift planning to guarantee the safest and most efficient lift everytime.

## PROFESSIONAL CORRESPONDANCE

From emails and phone conversations to all documentations and procedures, AGL & Son Crane Hire take great pride in achieving our goal to remain the safest and most professional lifting and transportation service provider in South Australia.

# All-Terrain Cranes

## 3 tonne to 200 tonne

Whether your lift is big or small, AGL & Son Crane Hire has an All-Terrain Crane to meet your requirements. Our Liebherr LTM All-Terrain Slew Cranes have a maximum lifting capacity of 60t to 200t with our new 60t and 200t equipped with the revolutionary VerioBase technology. Our smaller Tight-Access All-Terrain Cranes are capable of a maximum lifting capacity of 3t to 16t. All cranes are regularly serviced and extensively maintained to ensure they remain the safest and most reliable cranes in South Australia.

Our modern state-of-the-art fleet provides the most efficient lifting solutions available, ensuring minimal downtime and maximum operation across all of your projects.

Max. Lift	Make & Model	Max. Radius	Max. Boom
200t	Liebherr LTM 1200	2.7t @ 68m	72m
160t	Liebherr LTM 1160	1.6t @ 58m	62m
95t	Liebherr LTM 1095	1.0t @ 52m	58m
60t	Liebherr LTM 1060	1.0t @ 40m	48m
16t	Tadano GR160N	0.5t @ 24m	27m
3t	Maeda MC355	0.5t @ 10m	13m

# Pick & Carry Cranes

## 22 tone to 25 tonne

Our Terex Franna Pick & Carry Cranes are capable of performing all of your lift and shift requirements - from machinery relocations and on-site transport to vehicle loading and unloading and everything in between. Our latest addition, the brand-new Terex Franna AT-22 is fitted with all the latest technology to ensure the safest and most efficient lifts everytime.

With minimal setup time required, our Terex Franna Pick & Carry Cranes are able to arrive on site and get to work straight away.

Max. Lift	Make & Model	Max. Radius	Max. Boom
25t	Terex Franna Mac-25	1.4t @ 16m	17.9m
22t	Terex Franna AT-22	1.7t @ 15m	17.9m

# Transport Solutions

## Lift & Shift Capabilities

Our fleet of DAF Heavy Vehicles provide the perfect compliment to our fleet of cranes to ensure we can handle all your lift and shift requirements. From Crane Trucks, Tilt Trays and Prime Movers with Extendable Drop-Deck Trailers, our fleet of Heavy Vehicles are extremely well maintained and undergo regular servicing and maintenance programs to ensure their optimal performance everytime.

When it comes to providing dependable transportation solutions, AGL & Son Crane Hire operate a diverse fleet of modern state-of-the-art Heavy Vehicles to get your job done.

# Three Pricing Options

*We have developed three pricing options to ensure we continue to provide the best possible service, at the best possible price.*

**1**

## GENERAL CRANE HIRE

Perfect for 'one-off' jobs and irregular hire, our standard General Crane Hire rates are available to all customers and come with the same professionalism and dedication as our additional options. Should a 'one-off' job extend into a longer project we can easily set you up onto our Monthly Sliding Scale.

---

### Benefits

- ✓ Quick & reliable service
- ✓ Modern plant & equipment
- ✓ Professional paperwork
- ✓ Comprehensive risk assessments

**2**

## MONTHLY SLIDING SCALE

Perfect for on-going jobs and frequent hire, our Monthly Sliding Scale option reduces the hourly rate of all plant & equipment the more you hire. All invoices are sent at the end of the month with discounts applied to everything you have hired when certain targets have been reached.

---

### Benefits

- ✓ Lower rates the more you hire
- ✓ All rates reduce across our fleet
- ✓ All invoices sent at the EOM
- ✓ Less paperwork, less costs

**3**

## PROJECT BASED

Perfect for your next big project, our Project Based rates are completely negotiable and agreed up front for the life of your project based on the estimated total number of hours required and details of all lifts to be performed, providing stability and security to your project.

---

### Benefits

- ✓ Fixed rates for the entire project
- ✓ Extended to sub-contractors
- ✓ Lift schedule management
- ✓ Regular on-site meetings

# Target Markets

# Safety First

*We are proud to hold a long-term safety record that is second to none driven by a company wide focussed approach.*

All lifting operations are high-risk. At AGL & Son Crane Hire we take the time to comprehensively assess and plan each and every lift to guarantee the safest lift possible and manage the level of risk as professionally as possible.

From detailed SWMS, Lift Plans, Lift Studies and JSAs to comprehensive company policies and procedures and a continual training program, AGL & Son Crane Hire holds a safety record that is second to none; and we are very proud of it.

## SAFETY IS OUR NUMBER ONE PRIORITY

AGL & Son Crane Hire go above and beyond when it comes to safety. In addition to complying with all Safety Legislation and Codes of Practices, we implement, monitor and consistently enhance company policies, procedures, meetings and training days to ensure safety remains our number one priority. All Cranes, Heavy Vehicles and Lifting Equipment undergo strenuous inspection and maintenance schedules to ensure our fleet and equipment is as safe as our highly trained staff.

**98%**

Accident and incident free across all jobs since 2013.

**785+**

Working days since our last near-miss, accident or incident.

**100%**

Committed to safety of our employees, clients and public.
